

## Ontario Farm Losses Mount To Millions

Freak Weather Brings Alternating Drouth, Storms; City Transports Hit

From C.P. and B.U.P. Dispatches

A flash hail-rain-and-wind storm broke through southern Ontario's heat wave Tuesday night, cut off power in Ottawa, did thousands of dollars damage in Hamilton and caused heavy damage to fruit trees.

## Taft Confident Of Nomination On First Vote

Eisenhower Outlines Domestic Policies

WASHINGTON, June 25 (AP) — While Gen. Dwight Eisenhower outlined a domestic policy speech today, Senator Robert Taft talked confidently of possibly being nominated for president on the Republican convention's first ballot.

Eisenhower, meeting at Denver with some of his backers, discussed topics he will bring up in his speech Thursday night at the Denver Coliseum.

Asked about economic controls, due to expire June 30 unless Congress renews them, Eisenhower said:

"I have much more faith in the interplay of the various economic forces that take charge of such things than I do in bureaucratic rule and law."

He added, however, that he believes controls should be eliminated "very gradually and intelligently."

Taft, in Washington, told a reporter the question of whether he can win nomination on the first ballot at the July 7 convention in Chicago is "a matter of strategy."

He claims a majority already of the 1,206 delegates, the number needed for nomination.

The Associated Press tabulation of pre-convention delegate strength, based on avowed and conceded alignments, now gives: Taft 478, Eisenhower 395, others 129 and unknown 94.

The AP Democrat tally shows Kefauver ahead with 246, followed by Russell's 114½ and Harriman's 95½. Nomination requires 616, a majority of the total 1,230 delegates.

LIEUT. A. P. BULL

## Victoria Man Wounded for Third Time

Officer Hit During Gallant Korea Action

OTTAWA, June 25 (AP) — The army today issued its longest casualty list of the Korean war, reporting six men killed in action, two officers and 36 men wounded, and two men injured in action.

It was the Army's 188th casualty list—the first issued since June 19—and it indicated the Canadian brigade has been in recent heavy action.

For one of the officers in today's list—Lieut. Albert Paul Bull of Victoria—it was the third wound suffered in Korea.

A patrol, led by Lieut. Bull, was within 75 yards of its objective—a 390-foot hill 500 yards in front of the Patricia's outposts—when a cluster of heavy missiles dropped.

Bull had just ordered supporting artillery fire from the 1st Regiment, Royal Canadian Horse Artillery, to be lifted so the final assault could go in.

Shrapnel fragments examined later indicated the bombs to be a 60-millimetre mortar, an elongated shell with high fragmentation effect.

There was no warning "whistle" before the explosions, which indicated the missiles were high-trajectory bombs fired at fairly close range. Ordinarily the "cough" of their departure from the mortars might have been heard but probably it was drowned in the noise of the R.C.H.A. fire.

At first the explosions were thought to have been caused by mines, perhaps electrically controlled from an observation post, but the type of wounds inflicted, plus the fragments, contradicted that theory.

Five wounds

Bull was among the wounded—hit relatively lightly in five places. Bull's revolver was knocked out of his hand by one splinter.

Two men had been wounded by mortar fire on the way out, and the new casualties so reduced Bull's fighting strength that he decided to collect his wounded and organize a withdrawal. He had 16 able-bodied men left, including four stretcher-bearers.

He ignored his own injuries, gathered his men together, shepherded them out—not bothered by the enemy—and three hours and 14 minutes after it had set out the group returned.

The gun found beside him was reported to be a small automatic and authorities said it is possible for a man to shoot himself three times with such a weapon before losing consciousness.

Brink, 58, who arrived from the Far East for conferences about two weeks ago, was found in a third-floor office not far from the office of Gen. J. Lawton Collins, army chief of staff.

The gun found beside him was reported to be a small automatic and authorities said it is possible for a man to shoot himself three times with such a weapon before losing consciousness.

## "FIGHT PANIC" PLEA IN TEXAS POLIO EPIDEMIC

146 Cases Reported Last Week, Rising

HOUSTON, Tex., June 25 (UP) — Health authorities pleaded with citizens to fight panic today as the worst polio epidemic in Texas history swept the state.

The toll from poliomyelitis mounted steadily as blistering weather took its annual hold on Texas.

The state health department announced Tuesday that 146 cases of polio were reported last week. The week before 103 cases had been reported.

Both were grim new all-time records.

Last week's toll was larger than that of any seven-day period in 1950, the year a record polio epidemic struck down 2,778 Texans.

During no week of that epidemic year did the number of reported cases exceed 131.

Meanwhile, 17 new cases of poliomyelitis were reported Tuesday at Houston. It was the worst single day for polio in the city's history.

THREE DEATHS

One San Antonio hospital simultaneously reported three new polio deaths, all adults.

Dr. George W. Cox, state health director, said a total of 917 cases of poliomyelitis have been reported so far this year, compared with 824 for the same period of 1950.

Cox earlier had estimated that only one of every 100 actual cases of polio was reported. The other 99 persons, he said, suffered mild forms of the disease without paralysis.

The health director personally rushed to Houston late Tuesday to help in the battle against polio here. The National Foundation for Infantile Paralysis also sent special equipment to Houston along with an epidemic co-ordinator, Dr. Foard McGinnis.

Hospital beds, special equipment and polio nurses were desperately needed the most throughout the state.

Gov. Allan Shivers admitted that the present situation with respect to polio represented a crisis, but urged citizens not to become panicky and instead to follow instructions of health authorities.

The U.S. Public Health Service figures listed 764 polio cases in Texas from a total of 2,680 in the nation from Jan. 1 through June 14 this year.

U.S. General In Indo-China Feared Suicide

WASHINGTON, June 25 (AP) — Brig.-Gen. Francis G. Brink, the top United States military figure assigned to war-torn Indo-China, was found fatally shot late Tuesday in an office in the Pentagon, U.S. defense headquarters.

Authorities continued their investigation today but said it apparently was suicide. There were three bullet wounds in the general's chest. A pistol lay beside him.

Brink, 58, who arrived from the Far East for conferences about two weeks ago, was found in a third-floor office not far from the office of Gen. J. Lawton Collins, army chief of staff.

The gun found beside him was reported to be a small automatic and authorities said it is possible for a man to shoot himself three times with such a weapon before losing consciousness.

## Wild Anti-American Riots Plague Japan

FIRST READING GIVEN M.P. PENSIONS BILL

OTTAWA, June 25 (BUP) — The Commons today gave first reading to a bill to provide state-subsidized pensions to members of Parliament over the strong objections of two members of the Progressive Conservative Party.

The bill received initial approval after an angry exchange set off by Howard Green (P.C.-Vancouver Quadra) who unexpectedly joined with E. Davie Fulton (P.C.-Kamloops) in opposition to the legislation.

As a result of the exchange, spokesmen for all opposition parties assured the government that a majority of their members supported the payment of pensions to members with the government sharing the cost.

(See earlier story, Page 19).

## United Labor Front Sought

C.C.L. Promises Full Support For Affiliates of A.F. of L.

A move to bring the rival American Federation of Labor and Canadian Congress of Labor together to form a united front on British Columbia's strike-torn labor scene is underway today.

The Vancouver Council of the C.C.L. has promised full support of the A.F.L. in current strikes affecting thousands of workers.

The council also is getting behind the C.I.O.-C.C.L. International Woodworkers of America, whose 32,000 members are on strike.

The Canadian Congress of Labor says a united front is needed to battle a "vicious" campaign by the employers to hold the wage line.

Meanwhile the I.W.A. charged that a holiday with pay policy adopted by a Vancouver sawmill will drive the 32,000-member union and 162 coast operators "further apart."

The union claims that a notice has been posted at the mainland mill to the effect that any worker drawing his holiday pay will automatically terminate his employment with the company.

"It will tend to put us further apart," said Stewart Alsbury, president of the union's district council.

"We intend to take this matter up with the Board of Industrial Relations immediately," Mr. Alsbury said.

Authorities identified the man as 62-year-old Ryu Shi Tae, a member of a secret society known as the Corps of Blood Justice. He came to Pusan from Taegu only two days ago.

Only a few miles from Pusan, Korean bandits Tuesday blew up a rail line and attacked a national railway train, killing 47 persons, including two U.S. soldiers, the South Korean army announced.

The army said the bandits carried off 80 passengers, all believed to be South Koreans.

MUST COMPLETE YEAR

According to the Holiday With Pay Act, which is incorporated in the master contract between the 32,000 coast logging and lumber workers and 162 operators, an employer is not obliged to give holiday pay until the employee's work year is complete.

If he demands it earlier, then he is terminating his services.

"We have no intention of standing idly by and letting operators refuse to give the men their holiday pay if they should ask for it," Mr. Alsbury said. It is their money. They have earned it, and are entitled to it."

Here in Victoria a meeting was scheduled for 3 p.m. between officials of I.W.A. Local 1-118 and the Chamber of Commerce for the union to clarify its position regarding lumber piled for shipment at Ogden Point dock.

The chamber asked that it be released from picket, claiming that ships have been loaded on the mainland.

Union officials could not say what their answer would be to the chamber's request.

FULL SUPPORT

The union's membership is still giving full support to its policy committee, according to district council headquarters.

The council announced today that at 14 mass meetings practically 100 per cent support of the policy committee's rejection of the Labor Relations Board back-to-work plan was given by the membership.

Between 70 and 80 Victoria painters will cast ballots in a government-supervised strike vote tonight at the K. of P. Hall, Cormorant Street.

Original demand of the painters was a wage increase of 55 cents per hour to bring wages to \$2.12 and \$2.22 for brush and spray painters respectively.

They later accepted a conciliation board majority recommendation of \$1.87 and \$1.97.

Victoria Builders' Exchange offered the painters an increase of 16½ cents, which they refused. Contractors then rejected the conciliation board majority recommendation.

According to Labor Relations Board chairman Col. D'Arcy Baldwin, the board is seeking a new back-to-work formula for loggers and millworkers. It may be ready in two or three days, he said.

## Police Use Tear Gas Bombs, Clubs on Reds

By OLEN CLEMENTS

TOKYO, June 25 (AP) — Japanese police tonight broke up a mob of 2,500 Korean and Japanese Communists hurling firebombs and clubs in crowded Shinjuku station in a brisk, half-hour battle.

Rioting in the huge suburban station followed by several hours anti-American rioting in the crowded Osaka area in southern Japan.

At least 34 police and 30 rioters were hurt and 102 demonstrators were jailed in the Osaka area.

An American general was burned slightly in the Osaka rioting.

The Reds were observing the second anniversary of the Korean war with demonstrations scheduled in many big Japanese cities.

The Communists marched on the Tokyo station waving flags and brandishing fire bombs.

One thousand police, experts at riot tactics, had been waiting at the station for the Reds.

The Osaka mob carried banners proclaiming "Smash Itami Air Base," "No War," and "Independence."

Thirty policemen were injured in fighting at Suita City, near Osaka, between 1,000 rioters and 800 policemen. Fifty-eight demonstrators were arrested.

Japanese police, using clubs and tear gas, broke up the mob before it got within seven miles of the big United States air base near Osaka.

Because of the incident all U.S. military personnel in Tokyo were ordered to their quarters by Gen. Mark Clark, Far East commander.

The capital expected night rioting by Communists on this second anniversary of the Korean war.

U.S. military buildings were shuttered and guarded.

Some 400,000 Koreans scheduled demonstrations through Japan.

Three police received head injuries, another was burned and four demonstrators, including one woman, were injured.

Russia Warns Stray Planes To Be Shot at

MOSCOW, June 25 (AP) — Russia told the rest of the world today to keep its planes away from Soviet territory or run the risk of having them shot down or interned.

This was the construction placed by foreign diplomats here on a Soviet note delivered by Foreign Minister Andrei Vishinsky Tuesday night to Swedish Ambassador Rolf Sohlman.

The message replied to a Swedish query asking whether the Russians had shot down a Swedish transport plane missing in the Baltic Sea area since June 13.

The Soviet reply complained that foreign planes have violated the Russian frontier several times recently while "Soviet planes never violate the borders of other states."

It then warned that Soviet fighters have been instructed to "open fire on all aircraft that violate the frontier and resist orders to land at a local field."

Famed Astronomers Meet in Victoria

About 150 of North America's most distinguished astronomers are meeting in Victoria this week, at joint sessions of the American Astronomical Society and the Astronomical Society of the Pacific. Shown on the steps of Victoria College are, left to right: Seth B. Nicholson,

Mount Wilson-Palomar Observatory, editor of A.S.P. publications; G. E. Kron, Lick Observatory, University of California, president of the A.S.P.; Alfred H. Joy, Mount Wilson-Palomar, president of the A.A.S. Otto Struve, Leuschner Observatory, past president of A.A.S.

## COME BIG, COME LITTLE

## 150 Top American Astronomers Meet Here; Range of Talk Wide

No molecule is too small, no and Neptune—and that a new, president of the A.A.S., presided heavily body too large, for the massive star is 70 times the size at this morning's session.

Speakers today included Arthur Adel, Arizona State College; Gerhard Herzberg, National Research Council of Canada; Otto Struve, University of California at Berkeley; Merle Walker, also of U. of C.; Joseph A. Pearce, Dominion Astrophysical Observatory, Saanich; and Arthur Abt, California Institute of Technology.

Sessions will continue through Saturday morning. An official dinner will be held in the Em-Wilson-Palomar observatories, press Hotel Friday evening.

At the opening session in Victoria College-Normal School auditorium this morning, 150 astronomers from all parts of North America heard evidence that there is molecular hydrogen in the atmosphere of Uranus

## ON THE TIMES

By ART STOTT

When you're waiting for the bus at the intersection of Foul Bay and Fairfield Roads, you turn instinctively to look at the playground the school board's making for Margaret Jenkins.

It's a job that's been long in prospect—a quarter of a century at least. And the building and grounds department is doing it well. From Fairfield to Chandler, the ground levels away in a stretch of rich topsoil, broken only by the rocky outcroppings with its oak trees in the Chandler-Foul Bay Road corner.

The earth looks so good, you almost want to walk over, pick up a handful of it and let it trickle through your fingers while you make profound "hm, hm" sounds and pass weighty judgment on its fertility.

That isn't what mothers have been doing as they cleaned it out of washrooms during the last few weeks. When the kids pack it home in shoes and clothes, mothers take a slightly jaundiced attitude toward it. But it's good earth—better than Pearl Buck's.

It's so good that it has gone a long way toward paying for the playground improvement under way at the school. The board's employees have been packing away the surplus to top-dress grounds at S. J. Willis, Victoria High, the Willows, View Royal and two or three other schools. At prevailing rates, the Margaret Jenkins field has turned up about \$10,000 worth of pay dirt.

The field was two to two-and-a-half feet deep. Eight inches is plenty for a playing field and the excess has gone to enrich other schools—which is just another contribution Margaret Jenkins has made to the Greater Victoria system.

It won't be ready for organized games for another year. Seeding is due in the fall and the board hopes to let the Kentucky Blue and Perennial Rye take hold before football boots start tearing it up.

**We Ought To Be Happy**

When it's finished, it'll be something to make the school proud, and the district will have two playing fields. The others at Hollywood Park.

All of which should make us Foul Bay folk happy. But it makes me a little sad. We'll have two fine grounds—and they'll be right where the two best salmon berry thickets on the lower Island used to grow. That's progress.

If you'd been a kid in the district 20-30 years ago, you'd think of those salmon berries now summer's here. Up at Hollywood, we'd wander into the woods from Worswick's old sand and gravel dump for berries sweet as they can taste only to a boy's palate.

We'd pick up a few thorns in our bare feet, we might come out with nettle rash, but we'd have had a feed. And we'd have had something more—something that comes to a kid when he pushes his way into a dense thicket and lives for a while in a leaf-green world through which the sun barely penetrates.

It was something the same in the woods that grew where the Margaret Jenkins playing field is being created. They weren't quite as dense, but they had their salmon berry bushes and an old dead tree where woodpeckers nested and where a small owl once made its home.

If you were a youngster in the primary grades at the school in those days, you'd remember Friday afternoons when the class went into the woods for nature study. Probably you didn't pay too much attention to the lesson that was being taught. You may have sneaked off occasionally, but you learned something of nature.

**Cow Pasture Ball**

And on the field that stretched up toward the old Foul Bay streetcar terminus, you'd remember days when you gathered blue-eyed grass, and other summer afternoons when you played baseball there, beating out a hunt in the downhill race to first base.

You might remember the day when Eddie and Ollie Corbett showed up in real baseball spikes the first worn at Margaret Jenkins—which didn't improve their hitting, but electrified the rest of the crowd.

And you might recall the days, at the lower end of the field, when Everett Taylor tried to teach the kids how to play field lacrosse. You might even have been there when "Bunny" Hunt's demonstration of shooting raised the biggest mouse on goalie Gordon Henderson's eye that ever came out of a lacrosse practice.

There'll be better facilities for the kids of the future on the new playground. But somehow you can't help thinking a little fondly of the more rugged days. We're getting what we wanted at Margaret Jenkins, only I'm still going to miss those salmon berries.

## Girl, 3 Tots Topple From Fifth Floor Flat; One Dead

NEW YORK (AP)—Mrs. Theresa Cadiz left her three small children under the care of a 14-year-old baby sitter in her fifth-floor tenement apartment Tuesday and went out shopping.

Moments later two of the children plunged to the ground in an area behind the store.

Seconds afterward the third child and the baby sitter also fell to the ground.

Police said two of the children apparently were playing on a bed near a window and rolled out. The third child leaned out to look and the girl sitter, running to pull the tot back, slipped and both also fell out.

## GLASS CAN'T RUST!

The Inglis water heater is made of glass covered steel, insuring you of clear, clean water always. It won't rust because GLASS CAN'T RUST. Other features are: Fiberglass insulation, dual thermostat, completely automatic and economical to operate.

## INDIAN EXHIBIT

## Arts, Crafts For All B.C. To Be Judged

Indian school children from all parts of the province are being asked to enter craft work in the B.C. Indian Arts and Welfare Society annual exhibition in the Provincial Museum on July 8 to 18.

Prizes will be awarded to pupils with the best exhibits of design, painting, craft or writing. The school with the most outstanding entries will be awarded the Oskonen Cup.

The top prize of the show is a \$75 memorial art scholarship offered to B.C. Indian adults and young people.

Judges for painting and drawing exhibits will be Mrs. Ina D. D. Uthoff, G. Sinclair and Colin Graham. Craft judges, Mrs. R. H. Spicer and Miss M. Turner. Writing judges, Mrs. M. Wolfenden and H. Davy.

Hamburger days are here for picnics and backyard parties. If you want a super duper relish to serve with the hamburgers—try this. Mash a buttery-soft avocado until it's a smooth paste. Then season to taste with finely chopped onion, diced tomato, salt, pepper and dill seed.

# New Roads Held Vital to Island Economy

Special to the Times

PORT ALBERNI, June 25—Vancouver Island needs more and better highways to help build up industry and the tourist trade, in the opinion of delegates to the annual meeting of the Associated Chambers of Commerce here.

New roads to connect up-island centres and open up many of the beauty spots and natural resources of the area were strongly advocated by many of the 50 representatives from 16 of 24 Island chambers.

George Gudbranson, of Ucluelet, displayed a pamphlet issued by Island boards of trade in 1909 which stated that the group hoped to have the Long Beach-Tofino road ready within a year. "That was more than 40 years ago," he said, "and still no action."

Jack Elliot, delegate from Sooke, pointed out that the West Coast road to Port Renfrew had been promised 75 years ago.

A resolution presented to the convention by Port Alberni-Ucluelet members stressed the vital necessity for adequate communication in the event of war. Members urged that the matter be brought to the attention of the Minister of Defense Claxton.

William Clay, Shawinigan Lake delegate, said that his chamber was promoting a recreation park for the area because water sports on the lake were growing tremendously.

Other members reported for Island chambers were: C. Porter, Duncan; H. E. Stafford, Sayward;

H. A. Dodgson, Lantzville; Jack Luckhurst, Alberni; E. J. McLaughlin, Saanich, and Norman Wright, Sidney.

T. G. Denny, president of the Victoria chamber, told the convention that the tourist trade this year was running at a record high level. "Last week 3,085 tourists called at the publicity bureau compared with 1,504 in the same week a year ago," he said.

Mr. Denny announced that the Victoria chamber intended to work for amalgamation of the greater Victoria district into one metropolis.

"We feel that this is one of the most important matters facing us," Denny said.

Amalgamation of the twin cities of the Alberni valley is also advocated by members from the E. & N. and Canadian National Railways must be completed with fast service. Your endorsement of same would complete the evacuation picture for Vancouver Island," he wrote.

The convention nominated William A. Mawhinney of Nanaimo as the new president of the Associated Chambers of Commerce of Vancouver Island.

Fred Hawes of Victoria was named vice-president and George I. Warren secretary-treasurer.

Vancouver Island Ratepayers' Association sent a telegram of congratulations to the meeting for its stand-on-roads, according to George E. Bonner, president.

"However, to facilitate a program for quick mass evacuation from any island point, both the E. & N. and Canadian National Railways must be completed with fast service. Your endorsement of same would complete the evacuation picture for Vancouver Island," he wrote.

## May Cure Kiddies

BIGWIN INN, LAKE-OF-BAYS Ont., June 25 (BUP).—Feed your children the most horrible and terrifying comic books available, and as fast as possible, a public school inspector suggested today.

This is the best way of getting children through the "inevitable" comic book stage quickly, said Dr. T. H. W. Martin, of Toronto.

# Ipana tooth paste stops "Tell-Tale Mouth" 'round-the-clock!

STOPS MOUTH ODOR as it CLEANS TEETH and REDUCES TOOTH DECAY!

Yes, using Ipana regularly — after eating and whenever your mouth tastes stale — keeps breath and teeth cleaner all day and evening.

This gives you the finest 'round-the-clock' protection possible. And it reduces tooth decay one of the most effective ways known.

Ipana contains all the ingredients necessary for complete mouth hygiene, including two cleansing and purifying ingredients found in no other leading tooth paste.

Try it. Check the clean, keen, lasting freshness Ipana gives your whole mouth. Get this tooth paste that is time-tested and proved in use by millions!

Now, whiter Ipana is more concentrated... more economical to use... than any other leading dentifrice. Buy a tube next time you're shopping.

'ROUND-THE-CLOCK PROTECTION FOR YOUR ENTIRE MOUTH!

Ipana is the only popular tooth paste formula containing medically approved ingredients that help restore pitted, bleeding gums to vigorous health.

# GUARDIANS OF PEACE

## THE INFANTRY ANTI-TANK TEAM

Canadian Infantry carries with it valuable firepower in such weapons as the Rocket Launcher. Powerful and compact, the Rocket Launcher is used by Infantry for tank hunting and destroying. The men who operate the Army's modern weapons work in closely coordinated teams which add tremendous punch to Canadian Infantry in attack and defence.

For young men there are many challenges and opportunities in the Canadian Army Active Force. There is plenty of room for all talents and skills. Ability and ambition can help a young man to get ahead quickly. In addition, Active Force carries with it the challenge and adventure of serving overseas.

Service with the Infantry—the most important men in the Army—is inspiring and exciting. For full details on the many benefits and opportunities of service in the Active Force see your local Army Recruiting Office. You are eligible if you are 17 to 40 years of age, tradesmen to 45, and ready to serve anywhere.

Apply to the Army Recruiting Office nearest your home.

# HERE, THERE AND EVERYWHERE

Condensed from CP, AP, and UP Dispatches

**ACCELERATED**—If your back aches after a long drive you may have "accelerator leg," Dr. August L. Schultz said today in Miami Beach, Fla.

He told the convention of the National Chiropractic Association that this ailment consisted of "pains in the back radiating down the right leg."

It is caused, he explained, "by long hours at the wheel while maintaining the position necessary to keep the right foot on the accelerator."

Dr. Schultz suggested a double accelerator, to be used by either foot, as a method of eliminating "this form of torture."

**VICTOR**—In Fargo, N.D., Senator William Langer (Rep., N.D.), Tuesday won re-election in North Dakota's primary election. It means Langer is virtually certain of winning re-election to his third Senate term next fall since Democrats seldom have any luck in this traditionally Republican state.

Langer, 65, who votes with the Democrats as often as he votes with the Republicans, turned back the challenge of freshman Congressman Fred Aandahl who suffered his first defeat in four statewide elections.

With 800 of the state's 2,296 precincts reporting, Langer had 40,197 votes and Aandahl 33,872.

**CONFERENCE**—In Larkhill, Eng., Field Marshal Sir William Slim, chief of the Imperial General Staff, today opened a three-day secret conference of Commonwealth military chiefs with a review of the international situation from a military standpoint.

Countries represented at the conference are Canada, Australia, New Zealand, South Africa, India, Pakistan and Britain. Canada is represented by Lt. Gen. Guy Simonds, chief of the Canadian General Staff.

**OBSTACLE**—In London Trygve Lie, United Nations secretary-general, said today that the continuation of the Korean war was the main obstacle to a renewed effort towards world peace.

"Let that war be brought to an end, and a strife-torn world

will have a real chance for a fresh start," he said.

Lie spoke at a luncheon given in his honor by the United Nations Association and the Foreign Press Association.

He said that the original attack by the North Koreans — two years ago today — was as clear a case of aggression as any in history.

The prolongation of the war was not the fault of the United Nations.

**WAR**—Lt. Gen. Glen Barcus said today U.S. Fifth Air Force pilots have knocked out 1147 Russian-built planes in two years in the Korean War, including 474 shot down, 79 probably destroyed and four damaged.

The total includes 326 Red jets destroyed, 59 probably destroyed and 509 damaged. It does not include planes destroyed by B-29s which are not under his Fifth Air Force.

The Fifth Air Force said it had lost 676 aircraft forward of the battlefield.

These losses include 263 jet aircraft, 286 propeller-driven planes and 127 jets and propeller-driven planes of attached units—the Australians, South Africa, land-based marines and Republic of Korea Air Force.

The figure does not include B-29 losses.

**BEST**—In Washington the American Statistical Association said today Dr. Alfred C. Kinsey has done his best—but there's still no accurate way of measuring sex behavior in human beings.

All a researcher has to go on, the group said, is what people are willing to tell him about what they remember, since there is no known way of studying "observed or recorded behavior for a large human population."

The A.S.A., made up of statisticians from all parts of the country, named a committee of specialists some time ago to study the methods of Kinsey and his associates in preparing their best-selling "Sexual Behavior in the Human Male."

The report, made public today, said the over-all impression of these methods is favorable—outstanding, in fact, compared with nine other leading sex studies.

## PUBLISHER WARNS OF CONFUSION

### Whole B.C. Economy In Grave Danger

Special to The Times

PORT ALBERNI, June 25

Utter confusion is the current keynote of government, industry and politics in British Columbia, said Stuart Keate, publisher of the Victoria Times, in an address to the annual convention of the Associated Chambers of Commerce of Vancouver Island here Tuesday.

The present government has no mandate to set new policies, the speaker pointed out. It is merely a caretaker regime.

Adding to the election confusion, he continued, is the fact that we are faced with something dangerously close to a general strike.

Our whole economy, already vulnerable through loss of overseas markets, is in peril, Mr. Keate warned.

Without a working force in lumber and construction our whole expansion program would come to a grinding halt, he said.

**COOL HEADS NEEDED**  
"These times cry out for firm leadership and direction," the speaker declared. "It is our duty as citizens to meet these pressing problems with vigor and determination—but above all, with cool heads."

In an outline of the recent election in B.C., Mr. Keate analyzed the defeat of the old line parties, the rise of Social Credit as a new political force in this province, the rejection of socialism by the overwhelming majority of voters, and finally the test of the alternative voting system.

The result of the voting has put in a predicament without precedent in modern Canadian history, the speaker said.

"We must find a way out," Mr. Keate warned. "The ultimate irony would be that, with the long-awaited prize of a depression-proof economy within our grasp, we should bungle it simply because we are unable to manage our own affairs."

### Widow Presents Willis Trophy

Cowinners of the S. J. Willis Trophy are Gary Donaldson of Grade IXB and Gwen Gillie, IXD.

Mrs. S. J. Willis, widow of the noted educator after whom the school is named, made the presentation at the 1952 Awards Day at S. J. Willis Junior High School Tuesday.

Both students gained the same final total although points were awarded in different fields.

# Victoria Soldier Wounded Third Time

Wounded for the third time in Korean fighting, Lieutenant Albert Bull, of Victoria, is included in the latest casualty list issued by the defense department.

His wife and mother, living at 2740 Fifth Street, were notified Sunday of Lieutenant Bull's injuries while fighting with his unit of the P.C.L.I.

His worst wound is a compound fracture of the right foot, and he carries wounds, too, in right thigh and arm.

"The telegram didn't say," his mother told The Times today, "but I hope they'll send him home now. Three times is enough."

Lieutenant Bull is one of 18 casualties listed from the Princess Patricia's after action on June 20. Six were killed, and the wounded all were stretcher cases. While on night patrol, the party was hit directly by a cluster of three heavy mortar bombs.

Canadian Press dispatches say the enemy did not know the patrol was in its vicinity. It was a fluke hit, they say.

Lieutenant Bull is 26 and has

been soldiering since he was 17. His younger brother, Frederick, is also in Korea, serving with Canadian tanks.

"They met just the other day for the first time over there," their mother confided in a strained, weary voice.

"They are not the sort of boys to back away from trouble," she added. But of Albert, she said: "I think he's had enough."

Lieutenant Bull was last wounded in December, hit in both legs by a mortar bomb-explosion.

Latterly, he has been serving with United States forces in Korea.

"He had only just rejoined his own unit," his mother said.

### AT HOLYROOD HOUSE

## Queen Makes First Visit Of Reign to Edinburgh

EDINBURGH, June 25 (Reuters).—Thunder of low-flying jet fighters and a royal salute of 21 guns welcomed Queen Elizabeth to Edinburgh today—the first visit of her reign to the Scottish capital.

Thousands cheered her as she drove slowly down the famous Princess Street to take up her residence at the Palace of Holyrood House, ancient seat of Scottish kings once sacked by English invaders.

The Queen had traveled to Edinburgh overnight on the royal train from London for a six-day stay.

The Duke of Edinburgh, who was to have accompanied her, is at present confined to his room at Buckingham Palace with an attack of jaundice. He is expected to be laid up for as long as a month.

The train was linked to Buck-

ingham Palace by phone at a siding just outside Edinburgh this morning to enable the Queen to hear the latest news of his condition.

The program of the Queen's six-day stay in Edinburgh includes a presentation party at the palace and a garden party to which 7,000 guests have been invited.

## Breakers Ahead

AS MR. WALTER LIPPMANN WROTE on this page the other day, Britain is lurching toward another economic crisis which, at best, can hardly be postponed until the end of the year. This, however, is too narrow a view of the crisis. It will not be a British crisis. It will be a crisis for the entire free world.

It is always true that the world cannot escape conditions in Britain because it is one of the world's three great trading nations. In the present situation, however, the effects of another British crisis must be more direct and damaging than ever because they will instantly touch the free world's whole defense planning.

As Mr. Lippmann says, Britain will not meet another decline in its reserves of foreign currencies by reducing its standard of living, still further. It will economize in its defense expenditures. It will make fewer guns to maintain its present scanty supply of butter.

This is quite understandable. What is not understandable is the attitude of American and Canadian politicians, who are always telling Britain to reduce its already low living standard in the interests of the free world while North America announces that it must live better than ever.

If in the crisis now developing Britain reduces its rearmament program other European nations may be expected to do the same. At this the United States can scarcely be surprised when the two major Republican candidates for President are committed to economies that would devastate the United States' own defense appropriations.

It is not surprising, perhaps, that Senator Taft proposes to lop \$30,000,000 off the American budget in the next two years, but it is hard to understand General Eisenhower proposing a reduction of \$40,000,000. For such reductions would not only eliminate foreign aid entirely but would cut deeply into the present American defense program.

Foreigners as well as many Americans will be disturbed to find General Eisenhower so deeply involved in the race for office that he is ready to sacrifice these very defense plans of which he has been one of the chief advocates. Only a few weeks ago, as the North Atlantic Treaty commander in Europe, he was imploring Congress not to cut down foreign aid. Now he proposes a budget in which there could hardly be

a cent for foreign aid and nothing like the present amounts for the American armed services.

But the economic crisis forecast by Mr. Churchill's recent pessimistic speech goes far beyond budgetary calculations. It is essentially a crisis of trade. Britain and Europe still are not selling nearly enough in the dollar markets of America to pay for the goods that they must buy here and cannot buy anywhere else. They have been able to buy at the present volume so far only because the United States has loaned or given them the necessary extra dollars.

Between 1945 and the end of 1951, as Mr. Lippmann notes, the United States sold \$31,000,000,000 more to the world than it bought. This simply means that the United States thus created a dollar shortage of the same amount in the world at large, mainly in Europe, and then covered it, in most part, by gifts of money which were then used ultimately to buy American goods.

There is the core of the long-standing dollar shortage. Apparently it is not improving and may grow much worse in the next six months. Clearly the greatest need in the free world economy—which must support the free world's defense—is an increase in American buying abroad. If the United States were to balance its trade by buying as much as it sold the dollar crisis would be solved.

Ironically and dangerously enough, when these facts are most obvious, a powerful campaign is under way in Washington, generally supported by Senator Taft, to raise American tariffs and cut down foreign imports. And at the same time Congress has shown conclusively that it proposes to reduce foreign aid expenditures which, up to now, have covered the dollar shortage of Europe.

The combination of reduced foreign aid and reduced imports into the United States would make a just barely manageable situation quite unmanageable, devastating and disastrous. That is the prospect raised by the manoeuvres of the American political campaign.

Political campaigns are notorious for their irresponsibility. If the crisis forecast by Mr. Churchill can be postponed until after the American election a new President and a new Congress will have to consider the facts as they then are, regardless of pre-election oratory. Unless Europe is to be allowed to collapse, taking the free world's defenses with it, these facts will have to be faced.

## Beyond Immediate Strike Costs

IN THE NEXT FEW DAYS, WEEKS or months, a number of British Columbians are going to be hurt by strikes. Workers will lose wages and will have to dig into savings. Employers will lose earnings and markets. And consumers, members of ordinary public will suffer directly or indirectly.

When the strikes are settled, familiar computations will be made. If strikers succeed in bids for higher pay scales, figures will be produced to indicate how long they will have to work at increased rates to make up the loss of earnings resulting from their absence from jobs. Similarly, other totals will be produced to show how much employers lost. And if costs of production or service rise as the result of final settlements, the public will be told, in the incontrovertible terms of prices, what it is for these dislocations and higher operating expenses.

This is the familiar assessment which may be expected when the men go back to their jobs.

Conceptually the present outbreak of strikes may exact a higher toll. There is a current impression in Victoria, justifiable or not, that employers affected by present work stoppages are of a mind to wait this one out. They are losing money while their operations are at a standstill, but there is a belief that they can stand the loss better than the men employed by them.

This could be the year when they decide to remain idle until labor is ready to return to work on terms which employers believe their businesses or industries can stand and remain in operation.

If such a position were established, and if strikes were prolonged, acute distress would be in prospect. Homes might be left without sufficient food, grocers' bills might go unpaid, purchasing power would shrink throughout the community. Individual tragedies could occur as the ill-will engendered by strikes could be intensified.

What the results of such an eventuality might be for unionism can only be

guessed at this time. There is, however, one analogous example before the organized workers of Victoria. Though no strike was involved, city firefighters have had occasion to do some serious thinking on the matters of wages and wage demands. As the result of their successful campaign for increases from the city, members of the fire department are receiving higher pay—but not all of them. More money is being divided between fewer men. The Yates Street fire hall closure has thrown former employees out of jobs. Action was taken on that issue only because the city felt wage costs of the department were heavier than the taxpayers should be required to carry.

In the construction field, employers have found the volume of work declining as more and more people have abandoned new building plans on the grounds that costs were prohibitive. If those costs rise still further, there is little hope that potential builders who have already been discouraged will undergo a change of heart.

Some easing of that condition might occur even with higher wages if workers, the most skilled and the fastest, were able to offset the increased labor bill by doing more work within a given period. That is to say that if a competent workman received 50 cents an hour more for his time and could do a dollar's worth more work in that time, total construction costs might be lowered.

Wage raises, under such conditions, would favor the highly competent and efficient workman. He would get more money for the job he did. The less competent and less efficient, while legally entitled to the higher scale, might not get a job at all.

These are possibilities which should be considered over and above strike strategy and day-to-day negotiations. They suggest a more lasting injury to the labor movement than the immediate issues of higher pay and shorter hours for all. They could mean higher rates and no pay at all, and hours so short that employment didn't exist.

## A Decision Has Been Made

RAIDS OF INCREASING SIZE INTO enemy territory, and the biggest air strike of the Korean war appear to mark a new United Nations program in the battle-torn peninsula.

The Panmunjom talks, long stalemated, offer little hope of armistice. The long period of comparative inactivity, according to report, has enabled the Communists to build up their strength despite continual aerial pounding of their supply lines. We have not been told of any corresponding increment in U.N. strength, although we may take it for granted that the defense line has been made as impregnable as modern arms can make it.

Reports this week tell of Allied probing in battalion and regimental strength—a departure from the long semi-truce confined largely to patrols and occasional fighting for a favored mountain top.

The great air raid on North Korea's huge hydro-electric developments, however, excites interest for more than its

magnitude. Although some distance from the Manchurian border, the attacks on the Yalu River targets vitally affect the Chinese territory, since much of the latter's electric power was derived from the plants now demolished.

The proximity of United Nations forces to the Chinese border more than a year ago brought China into the Korean conflict. The present concentration on bombing targets that are in effect a part of the Chinese industrial economy is obviously a calculated risk.

The air raid was of an importance to demand top-level authorization. It would seem to be an invitation to the Communists to pick up the challenge, if that is what they have been looking for, or to speed their peace-making, if that is their intention.

Either way, a United Nations decision has apparently been made. External Affairs Minister Lester Pearson's recent hint of events to come in Korea may now be realized.

## Chips Off The Old Brock

By DAVE BROCK

I DON'T know how things are in your house, because I'm too polite to ask. But in my own house, we're getting crowded out by soap coupons. Every day in the mail we get a few more, entitling us to 10 cents off on a packet of Riptide or a carton of Fome or a box of Frawth or some other sudsy and maritime cleanser.

Their names remind me of Keats' lines about "the moving waters at their priest-like task of pure ablution around earth's human shores." I am thinking seriously of naming a detergent

Pluton, which would be short for Pure Ablution. Or possibly Prask, which would be short for Priestlike Task. I mean, so many laundresses keep muttering Keats to themselves, it seems a pity not to take advantage of their taste for the finer and whiter things.

WELL, to return to soap coupons. Not only are they making the postman a little bit later each day, but they are gradually crowding out what used to be the cup shelf in our kitchen. We're not breaking cups as fast as we're accumulating coupons. As a result, we have to park the cups out in the open to make room for the coupons. We had an appraiser in the other day, and he appraised that stack of coupons at roughly 10,000 coupons, or \$1,000 dollars off on 10,000 packages of Strix, Flo, Eb, Wak, Zib, Blic, and Swee.

WHICH gives me a thought. What if you took your own 10,000 coupons and shoved them in a suitcase, and then went round and got all the coupons your neighbors have saved, and then went farther afield and got coupons from strangers by pretending you were working your way through college by saving soap coupons, or maybe collecting them for the Salvation Army or the Community Chest or the Stop Dandruff League. You could get millions and millions of coupons. And then if you loaded them into huge trucks and descended on the Gigantic Soap Works in a sudden swoop, you could demand payment on the spot and bankrupt them. You'd be the Man Who Broke the Bank at Soap Incorporated.

### MAGIC WORDS

"THE Man Who Broke the Bank at Monte Carlo!" What magic those words used to have for me... and still have, in a way. Quite apart from my fondness for the old music-hall song. Kids seem to like them too, even when they don't know what they mean. I suppose they have visions of a man smashing down a large building devoted to ordinary commercial banking, and this appeals to their love of destruction and daring. I knew a little boy of three who was telling himself the story of the Three Little Pigs. One of the pigs was prudently refusing to unbolt the door, saying he didn't know who the wolf was. "Oh, sure, pig," says the wolf, "sure you know, too. I'm the Wolf Who Broke the Bank at Monte Carlo." Which appealed to the pig a lot, and to me too.

### HOW TO DO IT

I'VE BEEN reading a syndicated article, by one Isabel Du Bois of Chicago, telling me how I should arrange the stag dinner I plan to give myself before my wedding. Oh yes, it is quite all right for me to throw the party myself, she says, instead of waiting for my friends to do it. And maybe she's right... lots of people don't mind if you buy them a dinner, even when it's in your own honor. Maybe they'd think it was funny if I said "Friends, we're here to honor old Dave, the whitest man I know." But as far as the bill goes, they'll not feel a bit.

I DON'T know how many stag dinners Miss Du Bois has attended... in wolf's clothing? But she has queer ideas about the menu. I fear. She wants me to start off with cheese and assorted beverages. No soup. Flank steak with french-fried potatoes and no vegetable. A Caesar salad, whatever that is. And then hors d'oeuvres, rolls, butter, ice cream, and coffee. The hell with it. If she's going to think I'm so full of assorted beverages I'll not notice we're starting with cheese and ending with hors d'oeuvres, she'll say. Maybe this dinner is designed to make me glad I'm getting married, and away from bachelor picnics arranged by Miss Du Bois.

I SHOULD place my gifts for the best man and the ushers on the table. Certainly... my gift to each is a small cut of flank steak. They can also take some of that cheese home. Towards the end of dinner (while end? it's hard to tell from that menu), I should rise and propose a toast to my bride. You know, the boys aren't going to like it, Isabel. They want to propose to toast themselves. However, it's your party, not mine. So I'll just rise modestly and say, "Fellows, I want to propose a toast to the sweetest lil' girl I ever married. I refer to the future Mrs. B. and not to Miss Du B."

## Eastern Comment

Ottawa Citizen

A good deal of irritated comment has been forthcoming on the three-week delay in finding out what really happened in British Columbia's provincial election, and there is a tendency to blame it all on that province's experiment with the transferable ballot.

But in fairness to a system which has worked smoothly in both Manitoba and Alberta (as far as single member constituencies are concerned) for about 30 years, it should be noted again that the delay results from an entirely different feature of the British Columbia electoral system. This is the provision for absentee voting.

Clearly these two departures from the simple old-fashioned kind of ballot-ing don't go well together. Absentee voting is the weak partner, and should be viewed with suspicion by any other province interested in modifying its electoral laws.

## Still Trying to Blow Them Out

## As Our Readers See It

### NOT TO BURY

Those of us who supported the old line parties in the election can now hear rumblings of discontent at the result and dissatisfaction with the organization, and some we hear have gone even farther to hastily blame the leaders. In other words, now that the box office looks bad and the chorus is out of tune, they want to shoot the pianist.

People of political experience see nothing unusual in this revolt of the electorate; it happened in Britain and elsewhere, only to revert in short order to the brains and experience of those who had learned the hard way through years in the House.

Those of us who have been Conservatives all our lives and who have been actively engaged with the Conservative party for over 30 years, were proud to serve in this fight in B.C. under leadership of an unparalleled high order.

If anyone wishes now, in the gloomy air of post-election blues, to criticize on the plea that silk gloves were not worn nor handed out by our leader, they should remember that 100 per cent bulldog honesty so patently part of him, is what the Legislature needs.

The electorate will most likely swing back to the knowledge and stability exemplified in our leader before many more sittings of the Legislature. We are not here to bury Caesar but to praise and elect him.

C. S. GOODE,  
Sqn. Ldr. R.A.F. (ret'd.); Sidney, B.C.

### A LIMIT

When will the strikers realize that there is a limit to what they can have and that in the end it is the people themselves who finally pay the increase, in additional costs.

It is too bad they would not use some of their brotherhood and think a little about other people, particularly the older folks and those on limited incomes who have a hard time even existing on the little they now get.

A pity those who advocate striking could not go hungry for a while, then they would realize how fortunate they now are.

FED UP WORKER.

### BREWED AT HOME

I would think it would be interesting to the many voters in British Columbia to know who wrote the editorial in the Victoria Daily Times of June 16, "Crisis and Constitution."

I quite understand what you mean.

but I do wonder what kind of home brew you may have been drinking.

I am perfectly sure it was not Mr. Anscomb's wine, because I don't think it would affect you in that manner. I have heard it is quite good, and would not upset one's line of thought.

To be candid, I do think Premier Johnson should have had the decency to wait until all counts were in before he barked off his anger at the way the people of British Columbia have spoken. It is evident that the Premier and his cabinet and other Liberals have forgotten the real government is actually the people, and that many of them have been in British Columbia a very long time. I myself feel honored to be able to say I have voted in B.C. since women were first given the vote in 1916.

In closing may I say, after all, a house does need a good house clean once in a while, and I personally think the cleaning is long overdue. I may say also, that whoever wins, C.C.F., Social Credit, and some other possible members who may be elected, will have superior brains to their predecessors.

MRS. ADELAIDE MARSHALL.

1415 Cook Street.

### MANITOBA SCHOOLS

When J. E. Walker denied my statement that Manitoba had abolished separate schools, and assured us there are "183 schools staffed by religious orders," I at once wrote the Manitoba Department of Education and have just received the reply quoted in part below:

(Anyone is welcome to inspect the copies of regulations sent to me with the letter.—(Mrs. J. R.) E. A. Standen, 1222 Pandora.)

"In this province we have only one system of public schools, and no other schools receive any public support. No distinction nor discrimination is made on the basis of race or religion with either pupils or teachers."

"In some school districts, such as Winnipeg, where there is a large minority of Roman Catholics, parochial schools are operated as private schools. They receive no public support. They are inspected, however, by this department, and provided they can obtain a certificate from our inspector that they are doing work of equivalent standard, these pupils are exempt from attending a public school under the School Attendance Act."

R. O. MacFARLANE,  
Deputy Minister of Education.

Manitoba.

## False Idea

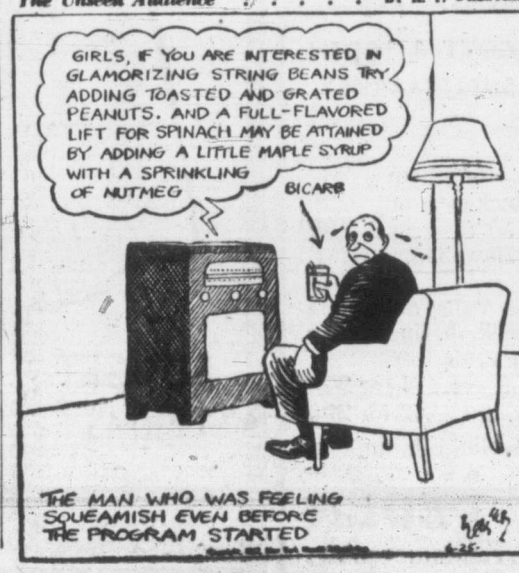

New York Times

The essence of the Soviet-inspired stereotype is the notion that in the Soviet Union minority peoples have been allowed to develop their cultures freely, are not discriminated against, and have equal rights with the single largest group, the Great Russians. Any study of recent trends in Soviet minority policy

shows this stereotype to be quite false. What has actually been going on in the Soviet Union in recent years has been a policy of forced Russification, with the Russian language made an obligatory study in all schools and with Russian culture constantly exalted as the most "advanced," the one which all minorities must revere and seek to imitate.

### The Unseen Audience

BY H. T. WEBSTER

## \$1,000,000

(Windsor Star)

That sob story out of Lowell, Ind., about little three-year-old Winthrop Rockefeller having a trust fund of only \$1,000,000 settled on him, fails to jerk any tears from our eyes. If he can't be maintained and educated on that amount, or even on the interest from it, it's just too bad.

The real pathos in the story isn't that the little lad only has \$1,000,000. It is that his mother and father are separated. No amount of money can compensate the child for the normal, happy home-life that has been denied him by his parents.

## A Change In His Outlook

BY JOSEPH and STEWART ALSOP  
from Washington

ACCORDING to highly credible sources, Ambassador George F. Kennan is at least seriously disturbed, if not downright alarmed, as a result of his exposure to the peculiar atmosphere of Moscow.

You can visit a foreign country with the greatest regularity. You can know all its leading men and be closely acquainted with its history. When absent, you can follow its trends and tendencies through labyrinths of documents. But when you return to the country, you rarely fail to be taken by surprise by some unexpected change of focus, emphasis or atmosphere.

In judging a foreign country, there are no complete substitutes for breathing its air, smelling its smells and hearing its sounds—for the rude personal contact with the foreign reality. George Kennan, who was last assigned to the Moscow embassy in a subordinate post in the war years, has now undergone this renewed contact with the real thing. The result has been a change of emphasis.

The change of emphasis hardly amounts to more, according to report, than an increase of worry, of concern, and indeed of uncertainty about what the next Soviet move may be.

Since he expressed them frankly and publicly, the views held by Kennan when he left for Moscow are easy to summarize. While no dreamer of empty dreams about grandiose deals with the Politburo, Kennan then was sanguine about the possibility of negotiating specific Soviet-American differences. While perfectly clear, too, that the Soviets would never cease their customary sapping, mining and infiltrating, Kennan was also very confident that the Kremlin wished to avoid any risk of general war.

Kennan's present doubts go to the very heart and source of American world-action.

The particular phenomenon that has most disturbed Kennan is understood to be the Soviet campaign of "Hate-America" propaganda, which apparently has to be seen at first hand to be believed.

Only a few weeks ago all the propaganda stops were pulled out, so that the intensity of venom against America now equals the Soviet venom against the Nazis in war time.

What has happened, apparently, is that Kennan's former confidence that the Kremlin would shrink major risks has been considerably diluted. Nor is this surprising, for one suspects Kennan argued himself in to a certain over-optimism, in his constant and courageous struggle against the too simplified and too common here.

None the less, Kennan's Moscow reaction is already producing a Washington reaction, judging by plain signs. For example, instead of happily promising peace in our time, President Truman has suddenly begun to sound almost as solemn as Winston Churchill, when he told the British people not long ago that they might find they were "dancing on a trap-door" under which yawned "the abyss."

Moreover, even if such a man as Kennan is utterly doubtful and uncertain, great questions obviously are posed. How heavily can we gamble, in short, on the at-least-arguable theory that the Kremlin will never risk a major war? How dangerous is it, in fact, to continue the present program of butter first and guns second?

## Ups and Downs

By BRIAN TOBIN

"IT'S a great thing," said the Elevator Man, "to know whether you're coming or going. Lots of folk live their whole lives and are never quite sure. In one sense we're on our way somewhere right up to the moment of our death. But some people claim that really you start dying the moment you're born."

That your time on earth is only a period of aging and decaying. So on that basis you're actually leaving from the time you arrive. I guess it's all in the point of view. And, you can take your choice. I suppose in general optimists will imagine they're coming, and pessimists will see themselves as leaving. Apparently both types end up the same. Mezzanine!

"It seems, though," said the Elevator Man, "that it isn't always as casual as that. In some things you have to know which is to and which is fro. You have to be able to tell up from down and fore from aft. Life isn't like a lady's hat, where it's a toss-up how you wear it. Some builder in England the other day, seemed to think it didn't matter. He built a row of bungalows with their backs to the street, and had to alter them all when the council complained. Maybe they were modernistic layouts and it was hard to tell, like the modern paintings that often get hung upside down in the galleries. But they didn't jibe with the other houses. Maybe that's the principle. If you're facing the same way as everybody else you're facing the right way. That seems to be the basis of democracy. But now and then someone, especially in the field of morals, faces opposite because he knows he's right. And sometimes he convinces a good number of the rest of us that we should do the same. Lower main!

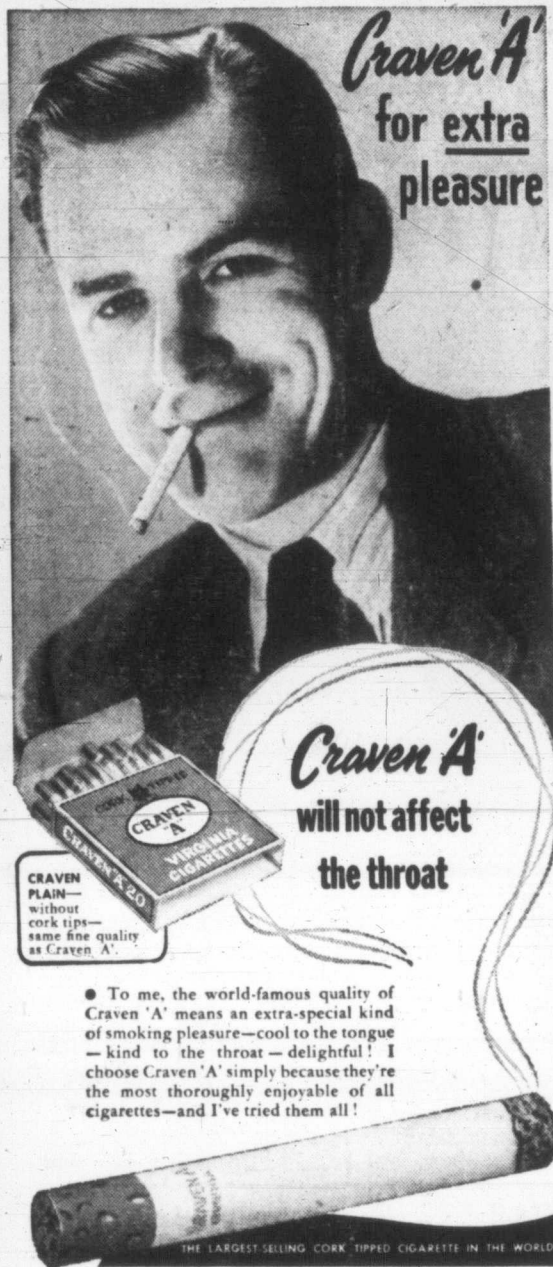

"It certainly," said the Elevator Man, "complicates things when the directions get mixed. Life is difficult enough without that. Take the case of that poor fella who escorted a girl to the movies. I'm disappointed in Cedric! The gal says afterwards, 'I warned him when we went into the theatre that he was not to attempt to kiss me in the dark. And he didn't!'"

## HE'S HANDY 'ROUND THE HOME

LONDON, June 25 (AP).—The National Needle Arts Bureau announced with surprise today that a man had won its annual national sewing contest.

Harry Leonard, a 49-year-old health inspector, took the \$50 first prize by sewing a blue suit in 330 hours of his spare time.

## Witnesses Tell Shocking Tales Of Hospital

### Windsor Probe Being Continued

WINDSOR, Ont., June 25 (BUP).—Provincial Commissioner Bruce MacDonald probed deeper today into the affairs of the East Windsor General Hospital where a paralyzed patient in 1947 apparently was scalded to death without so much as an inquest following.

Medical routine in the incurables division was so haphazard that Hospital Supervisor Dr. P. J. G. Morgan often had to guess at the cause of patients' deaths, witnesses suggested Tuesday.

The provincial inquiry was ordered last spring by Attorney-General Dana Porter. There were evidences of mishandling of funds and shortages on accounts, he said, announcing the investigation to the legislature.

Leo Courvillon, a former staff orderly, said Tuesday that he had placed a paralyzed, Thomas Huggitt, in a lukewarm bath and left him unattended for a few minutes. When he returned, the tub was nearly empty and the patient suffering third degree burns.

The paralyzed was so shocked he just sat and stared straight ahead without seeing, Courvillon said. But before he died that night, Huggitt managed to gasp that "someone" had turned on the scalding water, the former orderly told the inquiry.

There was no inquest held into Huggitt's death, to the best of his knowledge, Courvillon said. He added that Morgan had ordered him not to discuss the affair with any one.

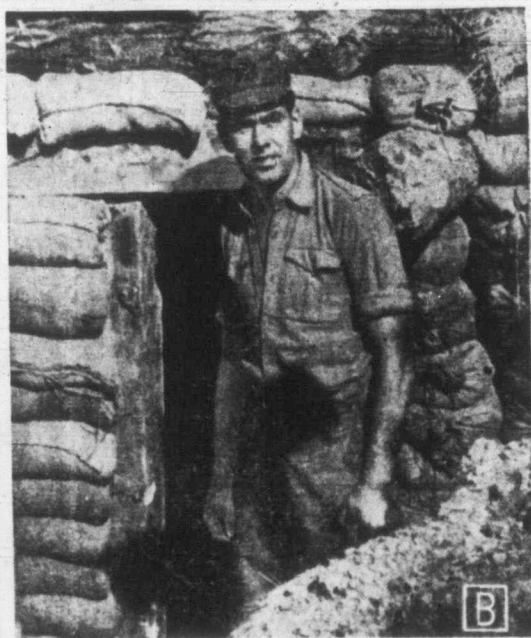

### GIVEN MONEY

Mrs. Estelle Stearns, a hospital nursing supervisor, said a patient who was admitted without a general physician, could stay months or years, and even die, without ever seeing a doctor.

Morgan must have had to guess the cause of death often when filling out the death certificates, she said.

She added that another hospital nursing supervisor, Mrs. Madeline Campbell, had given her \$40 of a dead patient's money to use as she liked. Mrs. Stearns said she sent the money and \$14 found in the patient's prayer book to a mission society that the deceased had indicated she wished the money to go to.

Victoria Daily Times WEDNESDAY, JUNE 25, 1952

### V.C. Winner Back in Korea

Back in his dugout in Korea is L.-Cpl. Bill Speakman, British hero awarded the Victoria Cross—equivalent of the Congressional Medal. Before and after being wounded, with complete disregard for his own safety, Speakman led six other men in repeated grenade charges, inflicting heavy losses on the Communists and allowing his wounded and greatly outnumbered comrades, including his officers, to withdraw to safety. He returned to Britain as a national hero, but, a fighting man of a fighting stock in Korea since the outset, he asked to return to the battle.

## WEATHER SYNOPSIS

### VICTORIA'S SUNSHINE RECORD TO DATE, 1952—965.8 HOURS

SYNOPSIS: Pressure continues to rise slowly along the B.C. coast this morning. The nearest storm centre lies about 1,000 miles to the west of the Queen Charlotte Islands and it appears to be moving toward southern Alaska.

However, in spite of this considerable cloud covers the interior sections of the province due to the presence of a large supply of moist air aloft. This moist air is moving off very slowly and so will permit only a very slow improvement. Cloudy skies with some shower and thunderstorm activity may be expected again today and Thursday.

Coastal areas lie at the edge of the moist air and so will continue with only patchy cloud conditions.

### REGIONAL FORECASTS VALID UNTIL MIDNIGHT

VICTORIA: Sunny with a few cloudy periods today; sunny tomorrow. Not much

change in temperature. Winds southwest 15. Low tonight and high tomorrow at Victoria, 56 and 65.

WEST COAST: Overcast low cloud along the south coast shoreline moving offshore about noon both days. Otherwise sunny with cloudy intervals. Not much change in temperature. Winds light at first becoming northwest 15 this afternoon and Thursday. Low tonight and high tomorrow at Estevan Point, 48 and 62.

VANCOUVER AND GEORGIA STRAIT: Cloudy this morning, sunny with cloudy periods this afternoon. Sunny Thursday. Not much change in temperature. Winds light except northwest 15 near Georgia Strait both afternoons. Low tonight and high tomorrow at Vancouver airport, 50 and 60; Abbotsford, 50 and 55.

## Vancouver Auditorium Fund to Aid Clean up Point Grey 'Polio Swamp'

VANCOUVER, June 25 (CP).—City council Tuesday in a sudden move, voted that the \$1,250,000 civic auditorium fund be used in the Granville Bridge project and to build a sewer to clean up West Point Grey's "polio swamp."

From the auditorium fund, which had lain dormant for five years, \$1,000,000 will be placed on reserve for the bridge if it is needed.

The remaining \$250,000 will be added to \$120,000 left in 1952 sewer funds and other minor balances to build a \$400,000 sewer at West Point Grey.

Action on the swamp problem

came after a delegation of 75 citizens, including a dozen children, crowded into a city hall committee room to protest the health hazard resulting from septic tanks draining into the bog.

Dr. Lawrence Ranta, spokesman for the citizens' delegation, said four recent cases of polio, two of which resulted in deaths, could be attributed to bacteria which he said infest the swamp.

## 'Waxey' Gordon Dies In Jail as He Foretold

SAN FRANCISCO, June 25 (AP)—Waxey Gordon, who rode in armored limousines when making \$2,000,000 a year as underworld boss of New York's prohibition breweries, died at Alcatraz Tuesday night—as Palin Irving Wexler, a sick old man under one prison sentence and facing another.

Gordon, 63, was stricken by a heart attack at the federal prison hospital. He was charged as kingpin of a huge coast-to-coast heroin when he died.

He was already under a 25-year New York state prison sentence for peddling narcotics. When arrested in August, 1951, he fell to his knees on a New York street, sobbing:

"Please kill me. I'm an old man—I'll die in prison."

He was right.

Gordon's underworld career dates back to 1905, when he was arrested as a pickpocket. He rose to power quickly in the hectic 20's—but fell fast in the 30's and 40's.

He was arrested 20 times, charged with assault, larceny, homicide, receiving stolen goods, income tax evasion, Second World War black marketing—and finally narcotics law violations.

He lived in a \$6,000-a-year Manhattan apartment, sent his three children to expensive private schools and backed Broadway productions.

Victoria Daily Times  
WEDNESDAY, JUNE 25, 1952

## 'TURBOCAR' CLOCKED AT 140 M.P.H.

OSTEND, Belgium, June 25 (Reuters)—A sleek British car powered with a gas turbine engine today clocked more than 140 miles an hour in the world's first speed trials for a "jet car."

In tests watched by official observers, the Rover Company's blue-grey "Turbocar" averaged 140.422 miles an hour.

After the tests, S. Phillips, a company official, said the Turbocar did not run at full speed.

The Turbocar will run on various fuels. Today it burned kerosene.

## Swelterbelt Country Pants In Heat Wave

CHICAGO, June 25 (AP)—An early summer heat wave held a sticky grip over wide areas of this country today. There appeared no immediate relief from the hot and muggy weather.

Heat records for the month were reported topping in June's collar-wilting weather in many parts of the swelterbelt in the eastern half of the United States.

The torrid zone extended from the Gulf States northward to the southern Great Lakes region and the lower Missouri Valley.

Violent rainstorms, strong winds and showers brought temporary relief to some sections. Crops were burning badly in Arkansas.

Temperatures soared above 100 in many cities and readings were in the 90's over most of the midwest. Night time brought little relief from humidity.

It was 95 in Chicago yesterday, the eighth day in June with temperatures of 90 or higher.

In Jacksonville, Fla., the mercury climbed into the 90's for the 21st straight day, breaking a 55-year-old record. St. Louis sweated out its 19th day of 90-degree weather with a high of 99, a record.

But there were hotter spots. It was 107 at Hill City, Kan. Nashville baked in a reading of 102, the city's top June mark.

## SPEEDER SPEED NOW SLOWED UP

OAKLAND, Calif., June 25 (UP)—A name meant nothing for Walter Speed, 42, of Oakland, who has been sentenced to spend one night in police traffic school.

Speed was tagged on the San Francisco-Oakland Bay bridge traveling 30 miles per hour. He was charged with "driving so slowly as to obstruct traffic."

## War Hero, Who Mistrusts Americans, Dismissed From Navy

PORTSMOUTH, England, June 25 (Reuters)—A submarine hero who said he lacked faith in his government and mistrusted the United States was sentenced Tuesday by court-martial to dismissal from the Royal Navy for refusing to take up a post away from his London home.

The trial was held in the wardroom of the Victory, proud relic of the days of Admiral Nelson.

## Saskatchewan Professor Heads Agricultural Body

OTTAWA, June 25 (BUP)—Prof. J. B. Harrington, of the University of Saskatchewan, today was installed president of the Agricultural Institute of Canada.

Harrington, head of the university's field husbandry department, succeeded Harold S. Fry, of Winnipeg.

The Saskatoon, Sask., professor was installed during a general session of the 32nd annual convention of the A.I.C. The convention was in its third day today, and will wind up Thursday.

Federal Agriculture Minister J. G. Gardiner will be guest speaker at a convention banquet and dance tonight.

The Victory was Nelson's flagship when he defeated Napoleon's fleets off Cape Trafalgar in 1805.

Lieut.-Cmdr. Alastair C. Mars, 37, a native of St. John's, Nfld., was found guilty on four charges that he disobeyed transfer commands and was absent without leave. He pleaded innocent.

Following naval custom, Mars surrendered his sword to the presiding officer at the start of the trial today. When Mars was brought back to hear the verdict his first sight was that of the sword pointing directly at him—a sign that he had been judged guilty.

## NELSON LOOKS DOWN

A stern portrait of Nelson, mounted on the bulkhead behind Capt. A. H. Thorold, the presiding officer, dominated proceedings in the small, low-ceilinged cabin.

Mars, three times decorated for gallantry during the Second World War, earlier this year applied to the navy to retire. His letter, read to the court today, said he had served the navy well from 1932 to 1946.

"Since then I have continued to serve in an indifferent manner . . . I have lost faith in the present governmental hierarchy of Great Britain and I have never had anything but a feeling of

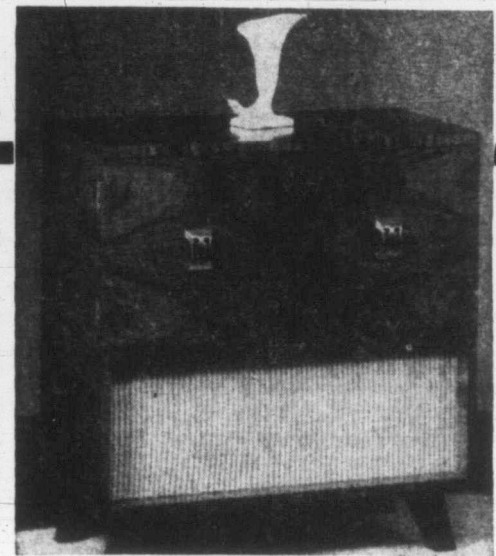

mistrust for the Americans, who you have apparently acquired a distaste for it." He was arrested a few days later in London.

April 27 he wrote the Admiralty saying he would refuse a command to report for duty at the naval barracks here. In that letter he said his family had lived in 16 homes in three continents since the war.

The Admiralty wrote him "you have a liability for service which you cannot avoid merely because

## NATIVE SONS MAY FIND ADDED STRENGTH ISN'T

VANCOUVER, June 25 (CP)—Inter-City Lacrosse League officials are searching through rule books to find if it's legal for New Westminster players to play against New Westminster players.

In other words, officials are probing the legality of two Salmonac players sent to Nanaimo Native Sons.

The players, Jake Trozok and Bud Haradine, are scheduled to play with the Sons when they meet Salmonacs July 5 at Nanaimo.

They were transferred to Nanaimo and remained there after the deadline for all five clubs to establish their rosters.

The two players have played with the Sons with New Westminster's Blackie Black's permission. Black says the men still belong to him.

In other changes, former North Shore Indians' goalie Vic Grover and Bill Harris have joined Salmonacs and Mel Jones and Glen Johnson have returned to the Indians.

Russ Buchanan and Cal Smille have left Vancouver for Nanaimo, and Dave Redline has rejoined Vancouver.

## ACES DRAW REBUFF

### Rosy Not so 'Rosy' Now

Forest Products 5, Butler's Aces 3

By LEON HALL

Manager Rosy McLellan of Butler's Aces deserves a better fate.

With his club apparently racked within by dissension Rosy is still the same harmonious guy he always was. But the Aces, at least a few of them, are far from the glamor boys of the Senior A Men's Softball League they once were.

This was never more evident than on Tuesday night at Central Park when they went down to a 5-3 defeat administered by Forest Products.

Openly showing their disrespect for McLellan were senior members of the club.

Of late the Aces have been playing deadlier than a turkey on Thanksgiving Eve once they find their talents no longer worthy of victory, and Tuesday night even umpire Gordie Perkins must have felt sorry for McLellan.

#### PERKINS SQUARES OFF

Probably infected by the disaffection of the Aces, Perkins was equally as derisive in his authoritative capacity.

After barking back a few cautionary remarks he ran Aces' Hal Yardley out of the game for contemptuous language in the fourth.

Frank Kilshaw took up Yardley's cause and Perkins didn't waste any time showing him the way to the showers.

Kilshaw relieved himself of a bat, charged after Perkins, and they both stood nose to nose after Perkins doffed his mask and squared off.

Both teams emptied their benches, but cooler heads intervened before any damage was done.

With a makeshift line-up in the game after the riotous fourth inning, Aces tried to whittle down a 5-0 lead. Forest Products had built up in the first four innings.

#### ROSS IN FORM

But they picked a bad night to try and show with the willow as they ran into a red-hot Bud Ross, toiling on the mound for the mill-men. Ross had a no-hitter until Willie Turner singled through the middle in the fifth inning.

And it was not until the final two innings that Aces put on any sort of a rally. Ross walked in one run in the eighth, and in the ninth the losers threatened to tie up the ball game after loading the sacks.

They managed to score two runs and had the tying runs on the base paths until two infield outs ended the game.

Aces will meet Chinese Students Thursday night. Game time is 6:30.

Butler's Aces 000 000 012—2 6 4  
Forest Products 121 100 000—5 9 4  
Batteries: C. Padgett, Furman (4) and Harvey; Ross and Smith.

## 'GEN' TALK FOR UMPIRES

Softball and baseball umpires and league officials are invited to get "genned up" on Friday.

Bert Smith, umpire-in-chief of the B.C. Softball Association, will address a meeting at the British Public Schools Club, Friday night at 8:45.

## Camosun Net Final Sunday

It will be defending champion Will Browne-Cave and last year's runner-up Sid Gaunt in the finals for the men's singles championship of the Camosun Tennis Club Sunday.

Gaunt advanced to the final against Browne-Cave by trimming Greg Harvey 6-1, 6-2 in the Tuesday night semifinals.

Tonight's draw follows:  
6:00 p.m.—Joan Clague and Vic Drew vs. Edith Smith and Sid Gaunt; Brian O'Connell vs. Les Gillingham.  
7:00 p.m.—Bob Sircorn and Browne-Cave vs. O'Connell and Les Clague; Tom Wilson vs. Herb Fiddock.

#### CEDAR HILL GOLF

Following is the order of finish in the tombstone competition at Cedar Hill Golf Club Saturday and Sunday: Gordon Cooper, Jack Robertson, C. Reichart, Len Hobson, Alan Jones, George Moon, Bill Boughie, Roy Briggs, Jack Storey, Gordon Collins, Fred Switzer, Roy Jago, Dave Ross, Bill Sonne, Bill Walsh.

#### WENT TO SOUTH HILL

VANCOUVER, June 25 (CP)—Jackie Went, Vancouver player who recently returned from a professional joust in topflight British soccer, will play for South Hill of the Coast League B Division.

## LOGY, LISTLESS, OUT OF LOVE WITH LIFE?

Then wake up your liver life...  
Jump out of bed every day to go. Life isn't worth living? It may be the liver! It's a fact! You see Carsons help stimulate your liver life till once again it is pouring out at a rate of up to two pints a day into your digestive tract. This should do you right up, make you feel that happy days are here again. So don't stay sick, get Carsons Little Liver Pills. Always have them on hand. Only 50¢ from any druggist.

## INDIAN HEMP TO COMPETE IN GRAND PRIX DE PARIS

CAMBRIDGE, Eng., June 25 (CP)—Indian Hemp, Canadian-owned three-year-old, was flown to Paris today to take part in Sunday's Grand Prix de Paris, continental Europe's richest horse race.

Indian Hemp, unplaced in the English Derby but a close second in a major three-year-old race at Ascot last week, will be one of about a dozen entries in the Grand Prix, an event of one mile and seven furlongs to be run at Longchamp.

The race is worth 20,000,000 francs added, which with entry fees bring the purse to the French equivalent of about \$25,000.

## Braves Deny Indians Seek Earl Torgeson

BOSTON, Mass., June 25 (AP)—The Cleveland Indians are trying to buy first baseman Earl Torgeson from the Boston Braves, general manager John Quinn of the Braves said Tuesday. "We are planning no deal regarding Earl Torgeson with Cleveland or any other club."

The Cleveland News had reported the Indians were negotiating for Torgeson's services.

The newspaper said it had learned the Braves are willing to sell Torgeson but one National League club has refused to waive on the bespectacled first sacker. The balking club was not named, but the news said efforts are being made to talk it out of that position.

Luke Easter, the Tribe's present first baseman, has been in a batting slump and now has a .197 average.

Torgeson had a .211 average last Saturday.

If Torgeson is waived out of the National League, the Indians would be able to deal for him with the Braves on a cash basis. American League clubs could not prohibit such a deal.

## Senior Softball Schedule Revised

Revised Senior "B" Men's Softball League schedule follows:  
June 25—Army vs. Joe Posters, Central.  
June 26—Esquimalt A.A. vs. Forest Products, Heywood.

July 11—Esquimalt A.A. vs. Forest Products, Heywood.  
July 12—Timkeners vs. Esquimalt Merchants, Heywood.  
July 13—Timkeners vs. Esquimalt A.A., Heywood.  
July 14—Joe Posters vs. Timkeners, Heywood.

(Additional sport, Page 11)

## B.C. Team'll Be Tough

By BILL WALKER

Archie McKinnon is at home already.

Canada's Olympic swimming coach was met on his arrival in Toronto by Warren Martin and, according to Archie, "we really kicked around the names of many Victorians."

Warrar will be remembered by his many friends at the "Y" and in the amateur and professional entertainment field of which he was a leading light.

"Maud and Warren are very happy in Toronto," writes Archie, "and send greetings back home."

But to swimming, and the Olympic trials, the purpose of Archie's trip.

Peter Salmon, who swims the 100 metres freestyle today, isn't in the best shape.

"He's only been averaging about four hours sleep a night," Jim Portelance, who also competes for the "Y" today, in the 1,500 yards freestyle, is, according to Archie, "rarin' to go."

First casualty was suffered by Gerry McNamee of Vancouver who bumped his head on a water slide, requiring two stitches to close the wound. Gerry's sister Kay arrived Monday.

"Swimmers have reported," continues Archie, "that the Hart House pool, where the trials will be held, is extremely slippery... large tiles... and that lanes will be narrow... about 5' 3" in width..."

Usual reports about the Mingies, the Beaumonts, the Ross' and other eastern Olympic swimmers have unfazed the B.C. contingent.

"The B.C. squad will make it tough," asserts the "Y" mentor, who is also having a language problem.

"I walked three miles the other day, and only heard the English language spoken clearly twice. I never heard so many foreign tongues in my life."

The Olympic trials are scheduled thusly after today for Salmon and Portelance.

Thursday — Salmon in the 100-yards backstroke and Portelance, the 200 freestyle.

Friday — Salmon, the 100 breaststroke, and Portelance, the 400 freestyle.

Salmon will likely swim the backstroke in the medley Thursday if B.C. enters a section team with Leo Portelance swimming the breaststroke and Jim Portelance or Alan Gilchrist, the freestyle.

The above four will enter the 400-freestyle relay.

"Train ride swell, weather warm... not too hot... and a hello to all," is Archie's parting shot.

## MEMBERS CONFINED TO BED

### Bisley Team Hit by 'Flu'

BISLEY, Surrey, June 25 (CP)—A mild epidemic of influenza has swept Canada's Bisley team, in training here for the 83rd annual Bisley shooting competition. But Lt.-Col. J. T. Steele of Guelph, Ont., team commandant, said no special medical care has been needed and the boys aren't worrying.

Several members have been confined to bed since the team arrived in Britain last Thursday to prepare for the Commonwealth's best-known marksmanship test, to be held July 7-19. The Canadians think they may have picked up the bug on the way over from Canada.

"But it's nothing serious, and we've managed to have a pretty full turnout at training sessions," said Col. Steele.

The team is comfortably installed in the Canadian pavilion, a two-story, ranch-style building.

# SAFEWAY

## Turnesa-Harbert In P.G.A. Final

LOUISVILLE, June 25 (AP) — Ten years ago Jim Turnesa, then an army sergeant, knocked off four of the biggest names in professional golf only to lose out to Sam Snead in the final of the Professional Golfers' Association championship at Atlantic City.

Five years ago Chick Harbert, playing before the home folks in Detroit, survived a similar slaughter of favorites at Plum Hollow but was beaten in the last round when Jim Ferrier made a sensational recovery from an "impossible" position.

Today one of them will gain the coveted title as they meet in the 36-hole final of the P.G.A. championship at Big Spring.

Harbert, tabbed as a fighter of the links, scrambled and clawed his way out of one tight spot after another to conquer big, placid Bob Hamilton, 2 and 1. The swarthy, coldly polite, little Turnesa put relentless pressure on

cocky Ted Kroll to win three of the last five holes and gain a 4-and-2 victory.

### HARBERT SENSATIONAL

Although the Turnesa-Kroll match produced the better golf, it was Harbert who made the "impossible" recoveries. He was two down at the end of the morning round after shooting his first over-par 18 holes of the tournament. At the 20th he was three down. Then things began to happen.

Starting with a par three on 20, which he lost to Hamilton's deuce, he pitched six straight threes at the astounded Hamilton.

"No man could stand up under golf like that," Bob gasped afterward.

## Red Sox Suffer Humiliating Loss

Red Sox of the Senior Women's Softball League went down to their 10th straight loss Tuesday night when they were trounced 24-3 by Toppers at lower Central Park.

The victory put Toppers within one game of second-place Individuals who held undefeated Moose Lodge to a 3-3 14-inning tie Monday night.

## Mixed Foursomes

Draw for the mixed foursomes event at the Uplands Golf Club Thursday night follows:

- 8:15—First tee: C. J. Robertson and M. Tolson vs. R. Purves and E. Jackson.
- 8:15—Tenth tee: A. Baker and D. Briggs vs. S. Hill and K. Hope.
- 8:22—First tee: Don Ross and D. Harrell vs. Art Roberts and F. Sparks.
- 8:22—Tenth tee: G. Hope and A. Harford vs. C. Harrell and R. Carson.
- 8:28—First tee: F. Briggs and B. Roberts vs. M. Tolson and M. Hill.
- 8:28—Tenth tee: Potter and G. Peck vs. Bob Williams and B. Purves.
- 8:35—First tee: G. Peck and L. Potter vs. J. Riddell and G. Chambers.
- 8:35—Tenth tee: Sam Kynile and Robertson vs. Ron Winter and M. Riddell.

Post entries will be accepted at the first tee.

## Science proves women superior!

Mighty man is only an incomplete female! His life is warped from the moment he realizes he can't have a baby—a famous doctor claims. He is constitutionally weaker, shorter lived, 7 times as likely to go insane. "The Natural Superiority of Women" in the big July Ladies' Home Journal gives all the scientific facts about "male superiority." Read it today. Better still, read it to your husband!

# Woodward 1<sup>st</sup> Anniversary

STORES (VICTORIA) LTD.  
★ 1ST ANNIVERSARY IN VICTORIA  
★ 60 YEARS IN BRITISH COLUMBIA  
★ B.C. OWNED AND CONTROLLED SINCE 1892

It is Woodward's policy to contribute in every way to the general good of the City of Victoria. Our 1st Anniversary completes a busy year for Woodward's here, and we would like to thank our many friends and customers for their confidence and the support extended to us... a sincere THANK YOU to our staff who are constantly striving to carry out the ideals of friendly and efficient service.

Woodwards insist that buildings and property be neat and clean, an asset to the city in which we all take pride when welcoming visitors from the world over.

Woodward's have invested substantially in Victoria and have now purchased two large properties in MID-TOWN VICTORIA where a large new store is planned.

We invite our customers to inspect the special values we have assembled for this 1st Anniversary, celebrating our Diamond Jubilee in British Columbia.

## SEEK FIREBUG IN NELSON AREA

NELSON, B.C., June 25 (CP)—Destruction of a \$12,000 laundry by fire Tuesday in Salmo, 40 miles south of Nelson, intensified search by district police of persons suspected of causing a number of fires in the Kootenay.

Since June 5, when a fire demolished the Farmers' Supply and Palm Dairies warehouses at Nelson, nearly \$200,000 damage has been caused by suspected incendiary fires.

**NO DOUBT ABOUT IT**—General Eisenhower comes out 100 per cent for his wife. Display of the big button was prompted by the "Ike Likes Me" button recently worn by Mrs. Eisenhower. Map behind Eisenhower hangs in his New York headquarters, and pin-points location of some 2,000 Eisenhower clubs in the United States.

**CONSUELO VANDERBILT'S own story**

"Prisoner" in a marble mansion, forced into a loveless marriage with a Duke, Consuelo struggled to trade her millions for freedom and love. And in the July Ladies' Home Journal you can read this fabulous life story of one of the world's greatest heroines. Here is a dramatic and personal story of a lost era of incredible grandeur and the life of misery and bondage it brought to this woman. Start *The Glimmer and the Gold*, by Consuelo Vanderbilt Balsan today!

## Montreal Celebrants Pelt Mayor With Eggs

MONTREAL, June 25 (CP).—The loss of 19 floats by fire and the pelting of Mayor Camille Houde with eggs failed to dampen the enthusiasm shown by close to 1,000,000 persons at Tuesday's St. Jean Baptiste parade.

The five-mile procession along Sherbrooke Street is one of the highlights of the day on which

French-Canada honors its patron saint.

As the parade was passing through the city's east end some 20 eggs were thrown at Mayor Houde. The Mayor and Mrs. Houde are said to have been struck by some of them.

One man was arrested. Police identified him as Yvon Dube, 29, and said he is a striker from

Dupuis Freres Department Store. A number of Dupuis Freres Police said he will be arraigned today.

**Pimples, Blemishes GONE!**  
**A CLEAR SKIN**

**In just 7 days or Double your Money back**

Pimples, blackheads, blemishes, are not pretty. They're ugly! They spoil the natural beauty of your shoulders, arms, back and face. They cut down your chances of success—at the beach, at work, at play.

## BETWEEN TIMES

By MONTE ROBERTS

This morning the American Astronomical Society and the Astronomical Society of the Pacific, opened a conference in Victoria.

Which is as good an excuse as any to tell you about a lecture delivered in Vancouver some years ago, in which an expert on the solar system looked a few years ahead and predicted a dire fate for the world.

"The earth," he said, "shows signs of drawing closer and closer to the sun. Why, in less than 78 trillion years, the earth will be burned to a crisp."

A man in the audience leaped to his feet and asked "Professor, how many years did you say?"

"Seventy-eight trillion," the lecturer replied.

"Thank heaven," gasped the man, sinking back into his seat. "I thought you said MILLION."

In company with several hundred other music lovers, I listened to Harry James in the Memorial Arena last night.

I said LISTENED.

There was a brief discussion between my favorite wife and myself, on the subject of dancing, but I won.

My wife said, "What's the matter, don't you like dancing?"

I said, yes, I like dancing.

"Then why won't you dance?" she asked.

"I like singing, too," I said, "but you don't expect me to sing, do you?"

I commend the above conversational gambit to the attention of all non-dancing husbands.

Arena manager Joe Dukowski undoubtedly will be glad to know what is wrong with the place, as far as entertainers are concerned.

A critical listener, after lending an ear to the echoes bouncing out of the far corners, remarked "The trouble is, there are too many acoustics."

One more Harry James item: Gordon Polk, a young comedian with a bright future ahead, pulled a beautiful switch on the usual "I'm glad to be here" routine.

"It is so wonderful to be in Victoria," he said. "When I arrived here this morning, I told myself, at this time of the year, where else but in Victoria could you—be in Victoria?"

Harry James... for satisfied fans, a prized autograph.

## JAMES' TRUMPET SINGS

### Arena Walls Standing But Band's Fans Fall

By RON BAIRD

It's just like bass player Joe Comfort says.

"That Harry James, he's a great guy."

Better than 2,000 Victorians will go along with Joe on that one—they whistled and clapped with pleasure Tuesday night as Harry's big musical machine blasted out with the familiar "Don't Be That Way" to open a concert and dance at the Memorial Arena.

Four and one-half hours later, they hated to see the ex-Benny Goodman trumpet star and his orchestra pack up and go.

Harry and his 17-piece band—including veteran musicians Joe Comfort, tenor man Corky Corcoran and drummer Jackie Mills—worked their way through a book which included many of the tunes which have put them at the top of the recording list for the last 13 years.

Opening with a one-hour concert featuring a comedian, a pianist, Tommy Gurnea, comedian Gordon Polk and vocalist Patti O'Connor, James and the orchestra soon swung into the long list of musical numbers he has promised to play earlier in the day.

They'll come back.

"If you play the kind of music that the people recognize, they'll come back to hear you a second time," said the tall, tanned Texan.

Victorians who jammed the arena Tuesday night agreed with him.

Working with a tight rhythm section, strong brass and a neat sax section, James worked his way through a program of easily recognizable favorites—everything from the precision-plus "Ultra" to "Sleepy Lagoon" and "Flight of the Bumble Bee."

At one a.m., Victoria was ready to go through the whole program again.

As for James, he thought the crowd was "terrific."

## Court Orders City Realtor's Island Hotel Shares 'Frozen'

### Don't Cross Clam, He Can Be Nasty

David MacMillan, Holland Avenue, was fined \$20 and costs of \$5 in provincial court Tuesday on a charge of being in possession of clams out of season.

Magistrate A. I. Thomas ordered 20 cases of clams owned by MacMillan confiscated.

Fisheries officials explained today that the closed season, between June 1 and Oct. 31, is applied as a conservation measure.

Clams are not good eating during the

summer months, said George Alexander, deputy minister of fisheries, although they are not dangerous.

Clam beds subject to the poisonous red plankton on the west coast of the island and in the Port Hardy area are closed permanently, he said.

"Clams themselves are not injured by the plankton," he said, "but they retain the secretions in their systems and it is poisonous to humans."

## \$58,000 Judgment Outstanding for Nanaimo Plaintiff

Mr. Justice N. W. Whitaker in Supreme Court Chambers today granted an application for an order nisi against Victoria realtor George Randall.

The order requested that all shares in the Malaspina Hotel, Nanaimo, be "frozen" for a period of one month.

The application was made by lawyer Joseph McKenna, Q.C., acting on behalf of Russell M. Annett, Nanaimo.

Mr. McKenna said he sought an order nisi against Randall in view of the fact that the real estate agent owed his client a sum of \$58,000. A Supreme Court judgment for this amount has already been rendered against Randall, he pointed out.

**PURCHASE INTENDED**

Annett is alleged to have given the money to Randall for the purchase of the Nanaimo hotel.

At the same time, Mr. Justice Whitaker heard another claim filed against the real estate agent, who is facing a series of suits in Supreme Court.

The claim involves C. Buckle and Sinclair Elliott, who allege they gave Randall a sum of \$5,000 to be held in trust for the purchase of a hotel beer license.

P. J. Sinnott, appearing on behalf of the plaintiffs, sought immediate judgment against Randall without trial.

His Lordship, however, refused to award judgment without trial due to legal technicalities raised by defense lawyer D. J. Lawson. This means the trial will be heard sometime this fall.

**GO TO PREMIER**

A suggestion that they seek a meeting with the premier on the question of the controversial Selkirk Water booming proposal was made to protesting property owners by Mayor Claude Harrison today.

"There seems to be a slight misunderstanding," the mayor commented after hearing the delegation.

He felt such a meeting would help to "iron things out."

Deputy Lands Minister G. P. Melrose approved an application from B.C. Forest Products Ltd. to store logs in the area. Auto court owners and others have fought the move.

**MONTEREY SCHOOL**

Wins Top Award In Mural Contest

One of nine top awards in "Canada's Potential for Peace" mural competition, sponsored by Women's Division of Canadian National Exhibition in Toronto, was won by Monterey School.

A second Monterey entry won honorable mention, according to announcement Tuesday.

Grade VIII pupils of Miss Ina B. Tait at Monterey won the provincial award—\$15, and honorable mention—\$5, for two murals depicting development of education and industry.

The murals, 30 inches by eight feet, were painted in two weeks by students whose average age is 13. Some of the class of 35 posed while others drew and painted.

**COAL PRODUCTION**

Declines Sharply

Coal production in British Columbia was down more than 20,000 tons in May this year from the same month of 1951; the provincial mines department reported today.

Production in May this year totalled 133,575 tons compared to 153,766 last year.

One of the reasons for the drop was the closure of Canadian Collieries Ltd., No. 10 Mine, South Wellington.

**SAANICH LOGANBERRIES**

May Top Record Yield

Loganberry picking will begin next week in Saanich, J. J. Young, president of the Saanich Fruit Growing Association, reported today.

Mr. Young said everything pointed to a good crop of loganberries this year—perhaps even a record crop.

Other berry crops, such as raspberries, are doing well, he said.

Mr. Young said the strawberry season has passed its peak but picking will continue for some weeks yet as the berries are slow ripening this year. Twenty carloads of berries have been shipped to the Prairies since the season opened.

He said he did not think strawberries now selling at 23 cents a box will drop any lower in price because growers are being offered good prices for their berries by Prairie buyers.

**SHOE DEALERS LAMENT**

Petty Smuggling Trick

longer than 48 hours, of course, can bring shoes back legally. Shoe repairmen are in the best position to observe the trend.

According to one city repairman, seven out of every ten pairs of ladies' shoes in his shop are American-made.

Not nearly so many men's shoes are American because Canadian men's shoes are just as cheap.

## TOPICS OF THE TIMES

A Sea Cadet training boat which disappeared a few days ago has been returned.

It was found in Lime Bay, undamaged, and officials believe it was "borrowed" by youngsters.

\*\*\*\*\*

Bastion Street is now a one-way thoroughfare for one block.

Robert Dobie, city traffic engineer, announced that starting at 1 p.m. today only westbound traffic is allowed down the narrow and historic street running from Government through Langley Street.

The step was taken to relieve congestion at the intersection of Government, View and Bastion Streets, Mr. Dobie said.

\*\*\*\*\*

Dr. Charles B. Mess of Victoria has joined 14 dentists from the Pacific Northwest at a one-week

post-graduate course in dental medicine at the University of Oregon in Portland.

Mak Wing of 624 Fisgard may be singing the blues today.

He won't be listening to them.

Someone stole 25 records and a \$38 record player from him Tuesday night, he reported to police.

\*\*\*\*\*

City of Victoria today was invited to enter a float in the Pacific National Exhibition parade in Vancouver, August 20.

\*\*\*\*\*

Permission to appear before City Council Thursday to seek a tag day was asked in a letter today by the Pythian Cerebral Palsy Committee of Victoria.

Proceeds would aid building of a clinic here.

\*\*\*\*\*

An inquest was scheduled this afternoon into the death Monday of Olaf Torgussun, 46, killed at Zeballos when he was struck on the head by a rock facing that sheared off at the Privater Mines, R.C.M.P. here reported.

He leaves a wife and two children at Zeballos.

City receives playground equipment for Quadra Heights from North Kiwanis Club. From left: Joan Powell, 10; W. H. Warren; Denise McDonald, 13, stand

by Kiwanis emblem as Ald. Frank Mulliner accepts gift of swings from R. L. McQuarrie.

Kiwanis Installs Kiddies' Swings

A North Kiwanis Club's project to provide equipment for playlots and playgrounds got off to a rousing start Tuesday night.

Out of the newly developed playground in Quadra Heights area off Tormie Avenue, members watched R. L. McQuarrie, president, officially present equipment to Ald. Frank Mulliner, chairman of City Council's parks committee.

"This is only the start," Mr. McQuarrie promised.

"Our club is interested in the equipping of playlots to serve urban Saanich and Victoria North. This particular area is ideally situated to benefit children in both municipalities."

A four-swing set was installed at Quadra.

"The idea of a service club sponsoring a small playground area is excellent," said Ald. Mulliner in voicing the city's thanks to Kiwanians. "I hope the idea spreads."

City receives playground equipment for Quadra Heights from North Kiwanis Club. From left: Joan Powell, 10; W. H. Warren; Denise McDonald, 13, stand by Kiwanis emblem as Ald. Frank Mulliner accepts gift of swings from R. L. McQuarrie.

## Kiwanis Installs Kiddies' Swings

Parks Administrator W. H. Warren said hundreds of children and mothers would be using the equipment. "My department has several ment and added that organiza-worthwhile locations in mind," tions which sponsor playlots are he said.

## Big Edmonton Band Coming For Beacon Hill Show July 1

Edmonton Schoolboys' Band will give a two-hour concert in Beacon Hill Park July 1 at 8 p.m. The band, comprising 125 teen-age bandmen will appear under sponsorship of the city parks department.

Concert arrangements are under Harry J. Biesby, supervisor of music for Greater Victoria schools. Modern and classical music will be included on the program.

Ten majorettes will present several routines. The band, which last appeared in Victoria in 1946, was organized

## JAIL LODGING

Casey Urquhart, no fixed address, was given a 21-day jail term in police court today after he was convicted on a vagrancy charge.

Albert Martindale, Vancouver, drew a suspended sentence on the same charge.

## Logger Claims Tool Traded For Whisky

Theft trial of a 38-year-old logger was adjourned to Friday for consideration of evidence in police court today.

Accused is Maurice Fraser, Sherwood Hotel.

Court heard evidence of three witnesses and two city detectives. Fraser is charged with allegedly stealing a carpenter's plane owned by contractor Eric W. Philbrook.

Detective Norman Bath said he and detective Deans Blackstock had discovered the plane after searching Fraser's hotel room recently.

Fraser said he had obtained the tool by trading it with a man outside a Yates Street club for a pint of whisky. He said he did not know the name of this man but described him to the court.

**TAKEN FROM JOB**

The plane was taken from the Liberty Cafe on Yates, undergoing remodeling at the time of the theft, said Mr. Philbrook.

Magistrate H. C. Hall asked Fraser if he did not think that the transaction was suspicious.

"You figured it was a good bargain," asked the magistrate. "Naturally," replied the defendant.

Fraser said he had been drinking previous to the transaction and had visited the Sports Club on Yates.

"Does anyone ever drink at the Sports Club?" asked city prosecutor Alan Bigelow.

"Do I have to answer that question?" asked Fraser.

The magistrate ruled the question immaterial.

Asked by Mr. Bigelow to describe the man Fraser claimed to have made the transaction with, the accused said he would "know him to see him" and added he wore a red plaid jacket.

"Those details are too trivial," said Magistrate Hall to the prosecutor.

The band will also be featured in a Dominion Day celebration at Duncan.

"They also have several other engagements to fulfill during the summer," reports Maj. Peter Ramsay, second-in-command of the Scottish present-day reserve battalion.

The brass band of the Canadian Scottish Regiment (Princess Mary's) has a busy summer ahead.

Under the leadership of Lieut. John Tamblin, the band of the local infantry unit will leave Saturday at noon to take part in the Portland Rose Festival highland games.

The band will also be featured in a Dominion Day celebration at Duncan.

"They also have several other engagements to fulfill during the summer," reports Maj. Peter Ramsay, second-in-command of the Scottish present-day reserve battalion.

The brass band of the Canadian Scottish Regiment (Princess Mary's) has a busy summer ahead.

Under the leadership of Lieut. John Tamblin, the band of the local infantry unit will leave Saturday at noon to take part in the Portland Rose Festival highland games.

Traffic Officer Injured in Skid

Police officer John Isaac is aided by passerby Tuesday after he was injured when his motorcycle fell on him and pinned him to ground outside City Hall on Douglas. Police say motorcycle skidded and went out of control as Isaac attempted to pass car. He was taken to hospital by police ambulance and may be off duty for month as result of chipped bone in leg. He is second traffic officer injured recently on duty—Constable Al Harwood, injured in collision with car about 10 months ago while on way to accident, is still off duty

## New Arrivals in Town Offer Interesting Buys

By PENNY SAVER

Horrors! I thought I was in a tall-spin shopping in the States, but when I hit one of the popular stores in Victoria, I discovered that the array of new arrivals was astounding.

Take for instance, the new shipment of plastics that have arrived for eager purchasers.

The assortment of new gadgets is out of this world. I was immediately impressed with a little tray they call a "tid-bit" tray. You can use it for everything from soup to nuts—and I'm not kidding.

It sells for 65 cents and the possibilities of its uses are unlimited. It can be used for celery and radishes, crackers and cheese, sandwiches and even floral arrangements. This only names a few of its uses.

Of course, the tray is made of plastic and comes in a variety of colors. In appearance it resembles a miniature lark.

Plastic is still in the picture when it comes to a clear plastic container that keeps bread fresh. The used bread can just be popped into the container and it will come out fresh-as-a-daisy. An added trick is that the bottom tray of the container can be used separately for numerous other things.

Oh! I almost forgot to tell you that this container comes in handy when you're serving hot buns. You simply pop them onto the tray, put the lid over them and they will stay hot.

Price for this is \$2.50.

Now this is really startling!

Have you ever seen plastic that looks for all the world like California pottery? I have, and I could hardly believe my eyes.

This particular hallucination comes in the form of a cream and sugar and is marked at 49 pennies. As in most other plastic articles this comes in numerous colors. Anything to go with your kitchen set.

For a few more pennies you can buy this same set with a colorful floral stencil.

Have a look around! You'll be thrilled with all the new arrivals.

## Former Reginans On Long Air Hop

LONDON, June 25 (CP)—Joshua Handeman, formerly of Regina, believes in getting to a convention the hard way.

Dr. Handeman and his wife, Winnifred, once one of the best woman shots in western Canada, left their new home in Pretoria, South Africa, early in May en route to a June convention of chiropractors at Oslo.

By the time they get home they'll have travelled some 25,000 air miles, all in their own private plane "Winnie".

They travelled across Africa in short hops, sleeping at night in or under the plane, crossing some 3,000 miles of jungle and 1,500 miles of desert without mishap.

Their only excitement occurred at Calabar in Nigeria, when a group of 500 natives got a little out of hand and a guard tossed a wooden spear which struck a wing of the plane.

From Africa, the Handemans went to Scotland before proceeding to Norway. They left their four children at home in South Africa.

Send order to Anne Adams, care of Times Pattern Department, 60 Front Street West, Toronto 1-A, Ont.

## TODAY'S RECIPE

### HALIBUT PUFF

(Any season)

Half cup mayonnaise, 1/4 cup sweet relish, 2 tablespoons chopped parsley, 2 tablespoons lemon juice, 1/4 teaspoon salt, 2 egg whites, 2 pounds halibut fillets or steaks.

Combine mayonnaise, relish, parsley, lemon juice and salt, and fold in stiffly beaten egg whites. If using fillets, cut into serving size pieces. Arrange on lightly greased shallow-baking dish and place in preheated broiler about 4 inches from the unit. Broil 6 to 10 minutes until fish is almost cooked through. Remove from broiler and cover with prepared sauce. Broil about 3 minutes longer until fish sauce is puffy and golden brown. Yield: Six servings.

Note: If frozen fish is being used, thaw first.

## Spending Sprees Out Says National Council of Women; Watch Money

So credit restrictions have been lifted. So the cost-of-living index has dropped two points.

"Still no excuse for spending sprees," says the National Council of Women.

For nearly a year now the council has hammered away at its members to watch where the pennies go. Its latest advice deals with summer vacations.

"I you go to a resort, it need not be a high-priced one," suggests the council. "Often the small, less-known spots offer the most restful and enjoyable vacations."

Women are urged to buy only what they need.

"If you don't actually need an article, don't buy it," says the council. "If you do need it, don't involve yourself in the worry and possible hardship of having to meet a series of instalment payments—instead, wait until you can buy it outright."

### FISH IS NOURISHING

The council says fish meals are economical, also nourishing, for the whole family.

"Minerals such as calcium, phosphorus, copper and iron are found in fish and Vitamin A is found in seafoods."

Kedgerie: Two-thirds cup raw whole-grain rice, two cups cooked

fish, one-half cup melted butter or margarine, one teaspoon finely chopped parsley, one-half teaspoon salt, pepper.

Cook rice in boiling, salted water. Drain. Flake fish, removing skin and bones. Add to rice and heat in double boiler. Stir melted butter into slightly beaten egg yolks. Add parsley and seasonings. Combine with fish. Cook one or two minutes, stirring gently.

### SKIM MILK FOR ECONOMY

From the federal Department of Agriculture comes a recipe for a pie made from skim milk.

Ingredients: One-third cup sugar; one-third cup flour; one-eighth teaspoon salt; one-half cup skim milk powder; two cups water; two egg yolks; one tablespoon butter; one teaspoon vanilla.

Mix sugar, flour, salt and skim milk powder and blend with one cup water. Add remaining water slowly and cook 10 minutes over hot water, stirring constantly until mixture thickens. Add beaten egg yolks and cook three

minutes. Add butter and vanilla. Cool.

Pour into baked nine-inch pie shell. Top with meringue. Bake in moderate oven (350 degrees Fahrenheit) for 15 minutes.

### Salt Spring—At a recent meeting of Salt Spring Island P.T.A.

Mrs. L. G. Moutat was re-elected president; Mrs. J. D. Reid, first vice-president; Mrs. E. H. Gear, second; Mrs. E. Ashlee, secretary, and Mrs. A. M. Brown, treasurer. Conveners appointed were: Program, Mrs. Colin Moutat; literature, Mrs. B. Krebs; hospital, Mrs. C. Wagg; membership, Mrs. Gavin Reynolds; publicity, Mrs. E. L. Harker; budget, Mrs. Gordon Parsons; playground, B. C. Greenough and E. H. Gear; hospital visitor, Mrs. R. V. Coles. Financial report showed a balance of \$339.29. It was arranged to hold a mid-summer dance on August 1 in Mahon Hall, Ganges, with Mrs. E. H. Gear convener. Refreshments were served by Mrs. S. Kitchener and Mrs. John Inglin.

## Pupils' Recital at Sooke

## OF PERSONAL INTEREST

### Governor in Eastern Canada

His Honor the Lieutenant-Governor left Vancouver on Tuesday by T.C.A. for Montreal where he will spend the next 10 days. On July 1, His Honor will be a luncheon guest of Hon. Gaspar D'Amboise, L.D., D.D.S., L.D.S., Lieutenant-Governor of Quebec at "Bois Coulouges," the gubernatorial residence on the St. Lawrence River, near Montreal.

His Honor will return by T.C.A. from eastern Canada on July 5. While he is in eastern Canada, Mrs. Clarence Wallace will be in Vancouver at "Devonia," the family home there.

His Honor and Mrs. Wallace will return to Government House on July 5 to prepare for the annual summer garden party on July 9.

### Salt Spring Girl Now Doctor

Dr. Margaret Mouat, daughter of Mr. and Mrs. Gilbert Mouat, Salt Spring Island, received her degree this year from McGill University. Dr. Mouat, who is 23 years of age, received her early schooling on Salt Spring Island, later attending Victoria College and University of British Columbia. At the McGill ceremony mention was made of Dr. Mouat who stood third in her class and had received the highest marks of any woman graduate in the past four years. She is now taking her internship at Royal Victoria Hospital, Montreal.

### At Jasper Lodge

Mr. and Mrs. F. M. McGregor and Mrs. C. R. French, all of Victoria, have been holidaying at Jasper Park Lodge, in the Canadian Rockies. Mrs. French, who lives at the Empress Hotel here, has visited Jasper Park Lodge each year since 1926, with the exception of the three-year war period when the lodge was closed.

### Bride-Elect Feted

Miss Doris Fielder, bride-elect of this month, was honored at a shower recently at the home of Mrs. Dudley Pridemore. The guest of honor was presented with a corsage of sweetheart roses and guests included Mesdames J. Church, L. Best, R. Mitchell, Misses Joan Clague, Patricia Hoiden, Betty Bird, E. Brondson and Jean Grant.

Staff members at the Dominion Astrophysical Observatory, where Miss Fielder is secretary, met in the library Monday and the director, Dr. Petrie, presented gifts of an electric coffee percolator, an automatic toaster and a piece of sterling flatware.

### Shower for Ruth Purser

Mrs. Gladys Forbes and Miss K. Repchinsky were co-hostesses at a surprise shower given in honor of Miss Ruth Purser, 408 Dallas Road. A cup and saucer was presented to Miss Purser by each guest and corsages were given to the guest of honor and Mrs. F. G. Purser, her mother. Those present were Mrs. Barbara Cedar, Mrs. Jean Newman, Mrs. Muriel Ferriday, Mrs. Freda Kinsman, Mrs. Judy Arnold, Mrs. Dorothy Sage, Miss Joyce Cole, Miss Geraldine Cedar, Miss Frances Cedar, Miss Eileen Hunt, and Miss Helen Lumb. Miss Purser was also the guest of honor at a linen shower given by Mrs. Laura Blackmore and Mrs. Muriel Ferriday at the latter's home, 1058 Penitence Place. Red and white carnations were presented to the bride-elect and pink and white carnations to her mother. The guests were Mrs. Winnie Pollock, Mrs. Betty Elves, Mrs. Arleen Shand, Mrs. Dorothy Fage, Mrs. Barbara Cedar, Mrs. Jessie Elves, Mrs. Jean Newman and Miss K. Repchinsky.

### Fiftieth Wedding Day

Mr. and Mrs. Peter Campbell, 864 Colville Road, will be at home to their friends on Saturday, from 3 to 5, to mark their golden wedding anniversary, which took place on June 26, 1902. The couple came to British Columbia in 1911, settling at Duncan, V.I. For 13 years Mr. Campbell was on the staff of the Cowichan Leader in that city. In 1928 he and his son took over the Salmon Arm Observer in the interior of British Columbia, and carried on there until 1944, when Mr. Campbell had an accident that necessitated his retirement. His son, Donald, returned to the Leader at Duncan, as a compositor.

Mr. and Mrs. W. C. Meare Beach Drive, will leave Friday for Banff where Mr. Meare will attend the convention of the Canadian Electrical Association. They plan to return within a week.

Mrs. G. Jasper, president of Canadian Daughters' League, Assembly No. 5; Mrs. G. H. Gardiner, past national president; Mrs. Muriel Taylor, Mrs. L. Otto, Mrs. A. Fawcett, Mrs. L. Stewart, past president; Mrs. J. T. Jones, past provincial president, and Mrs. R. Milburn, past provincial president, who acted as chairman for the 18th national convention in Vancouver last week, have returned to their homes in Victoria. Mrs. Hugh M. Perkins, Vancouver, was elected national president. She succeeded Mrs. Teresa Lacey, Toronto.

### Taking Part in Dance Presentation

Graceful Diane Gooderham will be a featured dancer in the doll shop and peasant groups to be included on the program when Eileen's School of Dancing presents the Polka Parlor Kids at S. J. Willis High School, Friday at 8. Proceeds will go to cancer dressing station.

### June Marriage Ceremony In Ganges United Church

Rev. J. G. G. Bompas officiated at the wedding of Margaret Ann, daughter of late Mr. and Mrs. K. Stuart, Edmonton, and James Stewart, youngest son of Mr. and Mrs. George Stewart, Beaver Point, Salt Spring Island.

Ganges United Church, Salt Spring Island, was decorated with pink and white peonies, white iris and coral antirrhinums for the ceremony. Mrs. Colin Mouat played traditional wedding music.

The bride, given in marriage by D. Keith Wilson, wore a gown of pale yellow marquisette fashioned with fitted sleeveless bodice; off-set with nylon net yoke. The bouffant skirt was touched with lace panels and a matching shoulder-length veil cascaded from a headpiece of red rosebuds. The bride carried a matching colonial bouquet.

Mrs. Hugh Stewart, sister-in-law of the groom, was matron of honor. She wore a flowered white and coral gown of nylon.

The newlyweds will live at Ganges.

## SAYS FIRST CHILDREN SET THE EXAMPLE

TORONTO (CP).—Raise the first two right, and there is really no problem to bringing up a large family.

So says John H. Fedora, of Toronto, father of nine girls and four boys. He and his wife Jennie have just celebrated their silver wedding anniversary here.

Their older children lead the younger ones along, all down the line, he says, "and the whole family can work together."

Originally from Wanda, Sask., Mr. Fedora believes there may be more opportunities for large families in the East.

Pioneers of the Women's Benefit Association, No. 1, Friday at 2.30, at home of Mrs. B. Wall, 2544 Forbes Street.

## Plan Garden Party at 'Orchard Gate'

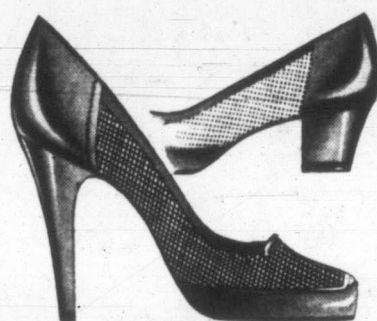

The attractive country home of Mr. and Mrs. Norman Yarrow, "Orchard Gate" will be setting for the annual garden party of St. Barnabas Church, to be held on Aug. 9. Co-conveners are Mrs. Yarrow and Miss Honor Nash. Mrs. E. Quayle assisted by members of the women's club will serve tea on the spacious lawns. Mrs. H. F. H. Hertzberg and Mrs. S. Strathy are convening a gift stall; Mrs. C. Norman and Mrs. Anderson, home cooking; Mrs. W. Barton, fancy work; Miss Seymour and Miss Schatzel, candy; A. Gowie, white elephant.

## Girls Go Light— Clothes That Is

LONDON (CP)—The "weight" of being fashionable is a lot less than it used to be in grandmother's day.

In Edwardian days, a light-weight summer outfit for women weighed more than seven pounds. Now it's just slightly more than one pound.

These figures come from Doris Langley Moore, one of Britain's best-known historians on women's styles through the ages.

Dress and two petticoats four pounds seven ounces in 1902, five ounces in 1952; combinations and chemise, 6½ ounces; slip and panties six ounces; corset with 40 bones, one pound two ounces; roll-ons, two ounces; shoes and stockings, one pound compared with 4½ ounces.

## WHY GROW OLD?

By JOSEPHINE LOWMAN

### Relieve Mental Fatigue With Physical Exercise

When we come home from a problems at home unless the day in the office or feel tired from a day of sewing or mending. exercise is the last thing we feel like doing and yet this is the very best thing to do in order to drop fatigue. How often I have prodded myself out for a walk when I really wanted to lie down after a day at the typewriter! I have always come back completely refreshed.

Unless your work calls for great physical activity, your fatigue is not physical but mental and nervous. That end-of-the-day feeling magically disappears with physical exercise. You have to try it to believe it.

Emotional strains and worry of all kinds tie us up in knots. They make us feel exhausted and even cause the muscles of the face to feel drawn. Again, exercise is the best antidote. In the case of worry and emotional strain a sport is best because the fun and competition of the game takes our mind off our troubles while the outdoor exercises ease tension.

This does not necessarily mean a game of golf or tennis. You may simply indulge in a game of badminton in your own backyard or ping-pong on your own porch. Of course walking is splendid exercise but few folks are self-disciplined enough to leave their

Even though almonds are getting scarce and hard to find this time of year, there is every indication the California crop of almonds this fall will be big enough to satisfy all our needs.

have a pleasant companion along. In the case of plain mental an exercise of the day, a few simple relaxin exercises will be of great benefit. Try this one: Stand tall. Shake your arms, wrists loose and fingers relaxed. Place a hand on a chair and shake your right leg. Now shake your left leg. After a bit of this, lower your head backward and then slowly bring it forward until your chin touches your chest. Next, make circles with your head, first in one direction and then in the other. Then do this very lazy exercise. Stand erect with your feet comfortably separated. Bend the trunk forward from the waist. Let your arms and head dangle toward the floor in a very relaxed way. While in this position sway the trunk from side to side.

If you would like to have my leaflet No. 24, "Exercises for Relaxing," send a self-addressed, stamped envelope with your request to Josephine Lowman in care of this newspaper.

### THE SLEEP WALKER

Off these evenings I go for a stroll. Sometimes I go past the 15th hole. Then off in the rough & down the fairway. To sit on a log out here in Oak Bay. I pick up a stone, a pebble or two. Toss it feebly out in the blue. Then with my toe a little kick. I gather some more to bat with my stick. A hefty cane that lies nearby. For a home run I often try. All my strength goes into each clout. But most of the time, I fan myself out. 'Cept the other nite a 2-base sock. Way out there beyond the rock. Scaring some birds dozing there. They crazy-flapped right up in the air. Over the headland I wend my way. I swat at a thistle as golf I play. And I think of those lines I learned in school. About that old man, who was mean as a mule. "As he walked along, down the village lane. The wayside lilies he lopped with his cane." "Lopped," I mused, "now there is a word. Advertising men have never heard." Overhead sails a white gull. Out on the wave keeps a red hull. I wonder as both I watch in flight. Which of the two, the lovelier sight? Then I come home, all full of June bliss. Sit down in the kitchen, to tell about this. Half way thru I yawn in my face. Sprawl my arms all over the place. Stare out the window, my mind gone dull. I can still see the boat with the little red hull. The fluffy white caps

are dancing sheep. It's all quiet now . . . I'm fast asleep.

## HOME FOR PEN PAL

LONDON (CP)—Sylvia Colato, an English girl who learned about Canada largely from a pen pal, leaves shortly to settle in Montreal.

Miss Colato, a ground hostess for Trans-Canada Airlines, flew to Toronto last February to meet Mary McLeod, the Canadian girl who had been her pen friend for 11 years. It was just a brief visit, but Sylvia liked what she saw and decided to emigrate.

In Montreal Miss Colato will work as a T.C.A. passenger agent. She is 22 and speaks four languages, English, French, German and Italian.

## Employment of Older Women Must Be Handled on a National Level

TORONTO, June 25 (CP)—Ruth Hamilton, unemployment insurance commission adviser on women's employment told delegates to the 59th annual meeting of the National Council of Women in mid-June that the question of older women in employment is a national issue in which all women should be interested.

She said there is too much emphasis put on chronological age instead of on ability and individuality of the worker.

"A great deal of the difficulty of the older women in employ-

ment," she said "lies in prejudice and in pre-conceived notions of what a woman should be at a certain age."

She suggested women's organizations could do a service to the community by keeping touch with older women who may be beyond working in business and industry, find out what they can do and help fit them into the Canadian economy in places where they are badly needed, such as homemaking.

Constance Hayward, of the Canadian citizenship department, said voluntary organizations have given valuable assistance to new-

comers in the post-war immigration period.

She pointed out that since immigration has been going on for about five years, a second phase of integration has been reached in which the immigrant has become established and has acquired sufficient English language to mingle with Canadians.

"At this time," she said, "the (immigrant) needs more opportunities to meet Canadians individually, to know more about Canadian life and institutions."

She suggested that local councils encourage this work in their communities.

## GIRL GUIDES

Cedar Hill—A variety concert will be held at St. Luke's Hall, on Friday evening at 8 under auspices of Cedar Hill Girl Guides. Highlights of the program will be Highland dancing by pupils of Mrs. Ian Duncan and a fashion show of old and new beach togas, featuring Wilma Jarrott and her singing dog. Program will close with a Girl Guide sing-song. Refreshments will be served, cafeteria style. Barbara Clark is originator of the concert. Parents and friends may attend.

Treat your family to chicken pie made from a good plump fowl. For extra flavor add finely chopped onion, chives or parsley to the biscuit dough topping.

## FILM REVIEW

### TWO FOR THE SHOW

AA (Oscar class). BB (Worthwhile).  
A (Don't miss). B (For rainy days).  
C (To put in time).

By PHIL LEE

**(BB) "HIGH TREASON"**  
(Odeon)—This Paul Soskin production is a British thriller of the Peter Cheney variety where the odd chuckle vies with the death rattle. Although the plot is definitely propaganda, insofar as it deals with Scotland Yard versus Red-minded saboteurs, this is all to the good, I suppose. After all, it can't always be a cold war, can it?

Screenplay writers Frank Harvey and Roy Boulting have spared no one; a British M.P., Grant Mansfield (Anthony Nichols) is involved, as is civil servant Percy Ward (Charles Lloyd Pack). Fortunately for all concerned.

Lee

when the saboteurs blow up the St. Asia Star, a munitions ship bound for the Far East. Commander Robbie Brennan (Liam Redmond), the Yard's superintendent. Folland (Andre Morell) and Major Elliott, of M. 15 (Anthony Bushell) are called in on the case. From there on until the traitors attack the Battersea Power Station all is well in hand although a bit sticky here and there.

As a whodunit or suspense thriller this one doesn't rate with other topnotchers from the domain of J. Arthur Rank, but it is a capably produced picture with its fair share of thrills and excitement.

**"THE DANCING YEARS"**  
The second half of the Odeon bill has had a 10-year London run before some 6,000,000 persons. What can I say against a record like that?

## Improved Land In Canada Said Up Six Per Cent

OTTAWA, June 25 (BUP)—The Bureau of Statistics reported today that there were 96,852,746 acres of improved farm land in the nation last year. The figure represented a 6 per cent increase in improved farm land from 1941, when acreage totalled 91,636,065. The bureau said the increase was due entirely to gains in the prairie provinces and British Columbia. There were decreases in the area of improved farm lands in the prairies, and decreased in the Maritimes, Quebec and Ontario.

The total area under crops last year was 62,212,086 acres compared with 56,279,910 acres in 1941. Again, increased were recorded in British Columbia and the prairies, and decreased in the Maritimes, Quebec and Ontario.

For the best Chicken Salad you ever tasted...

**How to make it**  
1. Gradually add 1/4 cup chicken salad dressing, blending well. The delicate tang of the "one and only" Miracle Whip makes such a difference in your salad.  
2. To serve 4 people, prepare 2 1/2 cups cooked diced chicken, 1 1/4 cups diced celery, 1/4 cup broken 1/4 tsp. salt, dash of pepper.  
3. Add Miracle Whip mixture, tomatoes, cut into 2 sections almost to stem end. Place on leaf lettuce, press sections apart. Fill Miracle Whip, the famous salad dressing that "can't be copied."

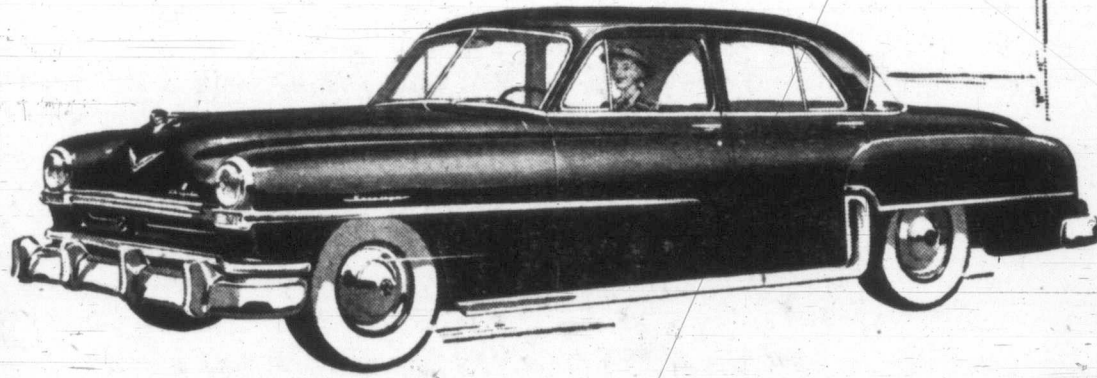

THE ONE AND ONLY **MIRACLE WHIP**

Canada's favorite Salad Dressing!

MADE IN B.C. BY **KRAFT**

...THE NAME THAT MEANS WONDERFUL SALADS

now! **POWER** to pass to steer to stop

TEST-DRIVE THE INCOMPARABLE

**Chrysler Saratoga**

power to pass

Power to go! Power to pass safely! Test drive the new Chrysler 180 H.P. V-8 FirePower engine! It's a thrill worth trying. The new FirePower engine turns more of your gasoline's energy into driving power—with less waste—less heat—less wear.

power to steer

And now you have power to park and steer with Chrysler Power Steering. Four-fifths of the work is done by power. You can turn the wheel with a flick of your finger. Amazingly easy to handle—or park. Try it. Feel it. There's a world of difference.

power to stop

With Chrysler Power Brakes you use less than half the ordinary pedal pressure to bring the car to a smooth, positive stop, because auxiliary power boosts the hydraulic action of the brakes. You have greater control of the car. Extra safety on highways—in traffic!

Chrysler Oriflow ride\*

Sheer luxury and comfort! Rough roads level out like a table top. You ride in a smooth, straight line. The Chrysler Oriflow ride is a revelation in restful driving. Prove it for yourself—your Chrysler dealer will gladly invite you behind the wheel.

## Island's New Constituency Holds 45,000

The proposed new Vancouver Island federal constituency of Esquimalt-Saanich contains about 45,000 residents.

Creation of the new constituency has been recommended by a House of Commons redistribution committee.

Northern boundary of the new constituency will be a line across Nanaimo constituency from Port San Juan on the west coast to Satellite Channel on the east coast, and out the channel north of Piers Island to the international boundary.

The new constituency will include all of the Saanich Peninsula, formerly in the Nanaimo constituency, and Esquimalt municipality, formerly in the Victoria constituency. The Victoria seat now will include only the city and Oak Bay.

The best thing to do about overweight is to consult the doctor. This condition often indicates the need for a change-over from a fattening over-supply of food to a balanced diet. In some cases it may be a symptom of some disease.

## Quick Relief From ARTHRITIC Pain

Are you discouraged by the day-and-night suffering you have had to endure? Has the pitiless pain made you feel hopeless and helpless? Then here is good news. Thousands of such sufferers from nagging, wearisome Arthritic, Rheumatic and Neuritic pain—from Lumbago, Gout and Neuralgia—use Templeton's T.R.C. and find the relief they have longed for. Over 10 million T.R.C.'s were used last year. Why not give them a chance to help you? 65c. \$1.35 at drug counters. T-432

## John Millman Is Retiring From Oakalla

BURNABY, B.C., June 25 (CP)—John Millman, warden of Oakalla Prison Farm for the last 10 years, will retire at the end of this month.

Warden Millman started as a guard at the prison farm when it opened in October, 1913.

## Welfare Offices Strained, Defense Economy Feels Steel Strike Pinch

PITTSBURGH, June 25 (AP)—Welfare agencies are getting more and more appeals for assistance as the United States defense economy is pinched tighter and tighter by the paralyzing strike of 650,000 C.I.O. United Steelworkers.

Nearly 775,000 workers now are idle in the 24th day of the country-wide strike.

Added to the 650,000 strikers are nearly 125,000 workers in allied industries.

General Motors has ordered a

layoff of more than 12,000 workers as a direct result of the strike. Approximately 2,400 Chevrolet forge plant workers in Detroit were laid off Tuesday night. Ten thousand are being laid off today and Thursday at G.M.'s big Chevrolet production centre at Flint, Mich.

In Youngstown, O., the welfare office handled 250 applications for relief from steel workers Tuesday.

In Pittsburgh more than 300 men lined up for financial help at one district relief office.

The steelworkers are not paid strike benefits. They are not eligible for unemployment compensation but relief agencies are permitted to help them on the basis of their need—and if they have no tangible assets.

Although there is no sign of a break in the strike the first small shipments of finished steel are trickling through to defense producers. Through a government-sponsored plan the companies and union are allowing high priority finished steel to roll through the picket lines.

## Travel EAST the RAIL-WATER Way

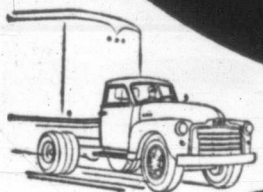

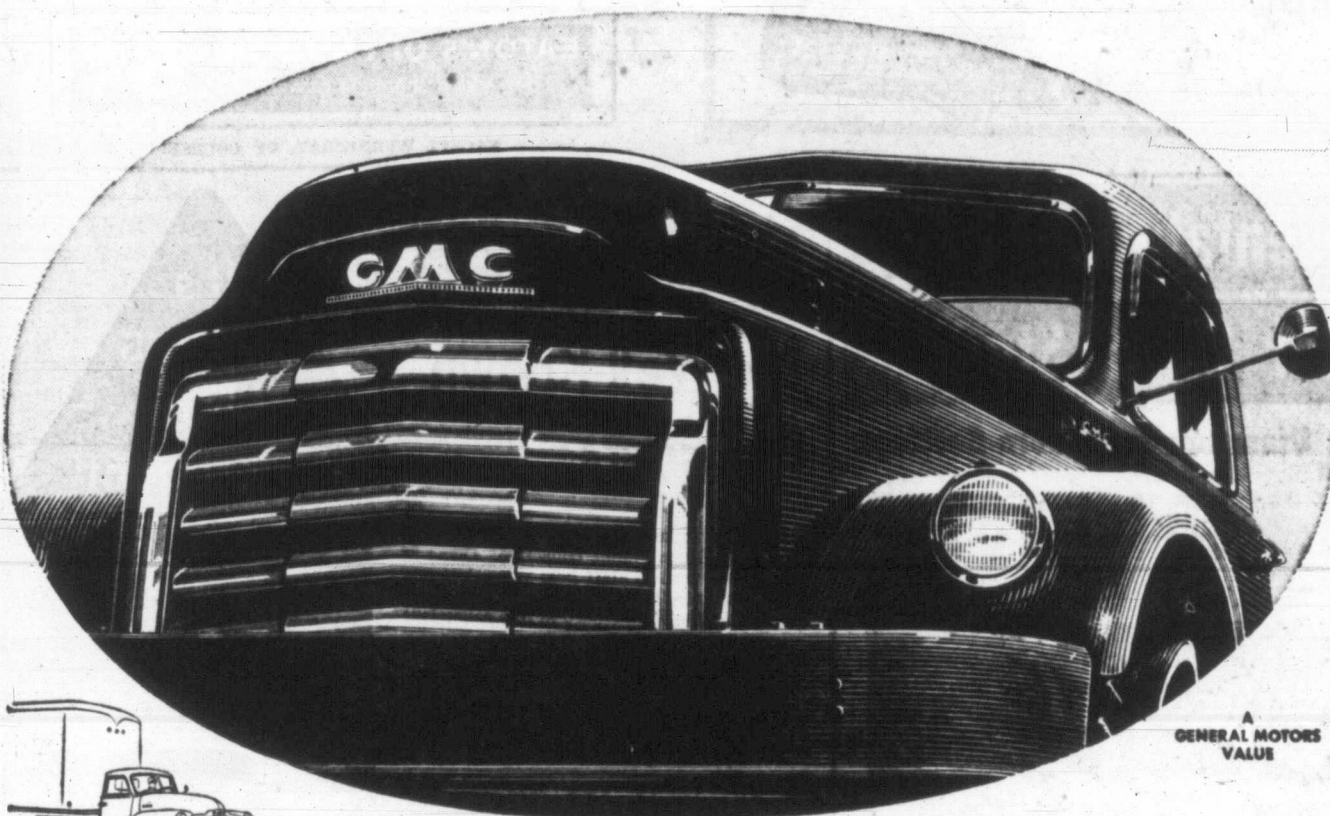

Break your rail trip with an invigorating two-day Great Lakes Cruise, between Fort William and Port McNicoll. Only meals and berth are extra on your first class fare! Or enjoy a 5-day round-trip cruise for as little as \$80.00!

For the rail part of your journey, Canadian Pacific trains mean air-conditioned comfort, wonderful meals and service, Sleepy Hollow Chairs and Picture Window views.

**OVER THE ROAD or  
OVER THE ROUGH  
— GMC can take it!**

**KNOW** why more and more, GMC's are becoming first choice of so many cost-watching truck operators in every type of hauling?

One of the big reasons, they will tell you, is they can always get a GMC that's exactly "engined" for their particular kind of work.

There is no need for a GMC owner to strain away with an underpowered truck—or lose profit to a gas eater unsuited to its job.

That's because GMC builds the widest range of truck engines in the industry—GMC famed valve-in-head gasoline engines from 92 to 200 H.P.—GMC exclusive 2-cycle Diesels from 110 to 225 H.P.

And it's the kind of power you don't have to pamper!

Each GMC engine is specially lubricated against wear, specially ventilated against acid-forming fumes—specially designed for truck duty!

Why not let us recommend the GMC truck, tractor or six-wheeler perfectly powered for your job? It will be a real truck all the way—exactly the right combination of engine, axle, transmission and frame. Take your trucking problem—today—to your nearest GMC dealer.

**Get a real truck!**

VICTORIA, B.C., WEDNESDAY, JUNE 25, 1952—32 PAGES

PRICE: 1 CENT  
SATURDAY, 10 CENTS

Famed Astronomers Meet in Victoria

About 150 of North America's most distinguished astronomers are meeting in Victoria this week, at joint sessions of the American Astronomical Society and the Astronomical Society of the Pacific. Shown on the steps of Victoria College are, left to right: Seth B. Nicholson,

Mount Wilson-Palomar Observatory, editor of A.S.P. publications; G. E. Kron, Lick Observatory, University of California; president of the A.S.P.; Alfred H. Joy, Mount Wilson-Palomar, president of the A.A.S. Otto Struve, Leuschner Observatory, past president of A.A.S.

## COME BIG, COME LITTLE

## 150 Top American Astronomers Meet Here; Range of Talk Wide

No molecule is too small, no heavenly body too large, for the consideration of members of the American Astronomical Society and the Astronomical Society of the Pacific, meeting in Victoria today.

At the opening session in Victoria College-Normal School auditorium this morning, 150 astronomers from all parts of North America heard evidence that there is molecular hydrogen in the atmosphere of Uranus

and Neptune—and that a new, massive star is 70 times the size of the sun.

The leaders in their profession from the famous observatories and universities of this continent talked in terms of light-years, radial velocity, spectrographic orbits, absorption and emission lines, magnetic variations, as they exchanged ideas and information.

Col. F. T. Fairley, deputy minister of education, welcomed the distinguished visitors, and Dr. Alfred H. Joy, of Mount Wilson-Palomar observatory,

president of the A.A.S., presided at this morning's session.

Speakers today included Arthur Adel, Arizona State College; Gerhard Herzberg, National Research Council of Canada; Otto Struve, University of California at Berkeley; Merle Walker, also of U. of C.; Joseph A. Pearce, Dominion Astrophysical Observatory, Saanich; and Arthur Abt, California Institute of Technology.

Sessions will continue through Saturday morning. An official dinner will be held in the Empress Hotel Friday evening.

## United Front Sought By B.C. Labor Groups

A move to bring the rival American Federation of Labor and Canadian Congress of Labor together to form a united front on British Columbia's strike-torn labor scene is underway today.

The Vancouver Council of the C.C.L. has promised full support of the A.F.L. in current strikes affecting thousands of workers. The council also is getting behind the C.I.O.-C.C.L. International Woodworkers of America, whose 32,000 members are on strike.

The Canadian Congress of Labor says a united front is needed to battle a "vicious" campaign by the employers to hold the wage line.

Meanwhile the I.W.A. charged that a holiday with pay policy adopted by a Vancouver sawmill will drive the 32,000-member union and 162 coast operators "further apart."

The union claims that a notice has been posted at the mainland mill to the effect that any worker drawing his holiday pay will automatically terminate his employment with the company.

"It will tend to put us further apart," said Stewart Alsburg, president of the union's district council.

"We intend to take this mat-

ter up with the Board of Industrial Relations immediately," Mr. Alsburg said.

## MUST COMPLETE YEAR

According to the Holiday With Pay Act, which is incorporated in the master contract between the 32,000 coast logging and lumber workers and 162 operators, an employer is not obliged to give holiday pay until the employee's work year is complete.

If he demands it earlier, then he is terminating his services. "We have no intention of standing idly by and letting operators refuse to give the men their holiday pay if they should ask for it," Mr. Alsburg said. It is their money. They have earned it, and are entitled to it."

Here in Victoria a meeting was scheduled for 3 p.m. between officials of I.W.A. Local 118 and the Chamber of Commerce for the union to clarify its position regarding lumber piled for shipment at Ogden Point dock.

The chamber asked that it be released from picket, claiming that ships have been loaded on the mainland.

Union officials could not say what their answer would be to the chamber's request.

The union's membership is still giving full support to its policy committee, according to district council headquarters. The council announced today that at 14 mass meetings practically 100 per cent support of the policy committee's rejection of the Labor Relations Board

back-to-work plan was given by the membership.

Between 70 and 80 Victoria painters will cast ballots in a government-supervised strike vote tonight at the K. of P. Hall, Cormorant Street.

Original demand of the painters was a wage increase of 55 cents per hour to bring wages to \$2.12 and \$2.22 for brush and spray painters respectively. They later accepted a conciliation board majority recommendation of \$1.87 and \$1.97.

Victoria Builders' Exchange offered the painters an increase of 16 1/2 cents, which they refused. Contractors then rejected the conciliation board majority recommendation.

According to Labor Relations Board chairman Col. D'Arcy Baldwin, the board is seeking a new back-to-work formula for loggers and millworkers. It may be ready in two or three days, he said.

## To Fight Bill

BANFF, Alta., June 25 (BUP)—The Canadian Chamber of Commerce has gone on record as opposing the new anti-combines legislation.

## Vancouver Stocks Closing Prices

High spots in selected oil stocks featured trading at Vancouver Exchange in the final session today.

Favored issues closed on a rising note.

The Pacific Petroleum group of stocks closed with healthy gains on the strength of favorable field reports. Yankee Prince closed at \$1.38, ahead 20; Pacific Natural Gas \$7.50; Atlantic \$5.20 and Pacific Petroleum \$5.12 to \$12 at the close.

Trans Mountain Oil Pipeline stock spurted to close around \$23 1/2 at Vancouver in response to wide gains and heavy trade in eastern markets.

## FINAL BULLETINS

## Fresh Gas, Oil Strike in B.C.

A fresh gas and oil strike in the Fort St. John area of northern B.C. was made today. Pacific Petroleum, major drillers in the area, reports that its No. 8 gas well, testing at 4,493 to 4,503 feet, obtained a gas flow equal to 10,000,000 cubic feet daily.

An oil flow was also obtained in a three-minute test. The tests were taken in new formation and are continuing.

## U.S. Wage, Price Controls May Go

WASHINGTON, June 25 (AP)—The House of Representatives voted today to drop all wage and price controls in the United States July 31. The vote is subject to reconsideration.

## Selkirk, Souris Face Elimination

OTTAWA, June 25 (CP)—An all-party committee today recommended that the federal constituencies of Selkirk and Souris be eliminated in a readjustment of Manitoba's representation in the Commons.

The Commons Redistribution Committee adopted the recommendations of a Manitoba sub-committee by a vote of 19 to 11. The recommendations are subject to approval by the Commons and the Senate.

## Gets 10 Years for Stealing Car

VANCOUVER, June 25 (CP)—Steve Datchuk, 35, will spend 10 years in the B.C. penitentiary for stealing a car—the maximum penalty for this offense. Datchuk has a 20-year record showing 16 convictions, including one sentence of six years with lashes in Saskatchewan for robbery with violence.

## Board Secretary To Be Charged

RICHMOND, B.C., June 26 (CP)—Wallace Gibbs, 38, former school board secretary, will be charged with misuse of the board's funds, Trustee Norman Aspin said today.

## B.C. Swimmers Break Records

TORONTO, June 25 (CP)—Three long-standing Canadian swimming records were broken today at the Canadian amateur swimming championships.

Leo Portelance of Ocean Falls, B.C., did the men's 200-yard breaststroke in 2:25.8 seconds to beat the record of 2:30.6 set in 1948 by S. A. Marshall of Toronto.

Gladys Priestley of Montreal, in the 200-yard freestyle race for junior women, was clocked at 2:18.7. The third record was broken by Lenora Fisher of Ocean Falls. In the 100-yard junior women's backstroke event, her time was 1:12.8.

## WILL NOT PROSECUTE

## Garson Flays Dr. Endicott

OTTAWA, June 25 (CP)—Justice Minister Garson said today the government will not prosecute Dr. James Endicott for his germ warfare and other activities.

The government, Mr. Garson said, would only help those Communist interests who are using him as their "dupe and tool."

The government, Mr. Garson said, would only help those Communist interests who are using him as their "dupe and tool." The government, Mr. Garson said, would only help those Communist interests who are using him as their "dupe and tool."

It is the decision of the cabinet, he said, that "the advantages of conducting a prosecution against him would be more than offset by the disadvantages."

"Dr. Endicott is obviously permitting himself to be used as a tool by which the propaganda of the atheistic Communist party is spread throughout the world, and I do not think that very many Canadians will be taken in by his statements. According to the information available to the Department of Justice, the activities

Seems 't me if Taft got elected an' ran th' country th' way he's runnin' his campaign th' Democrats wud git 't be remembered as angels after all.

Harry James could hev given some o' them provincial candidates a few pointers on tootin' their own horn.

Bastion Street, leadin' down 't th' law courts, is now a one-way street—as many a criminal has found out.

LIEUT. A. P. BULL

## "FIGHT PANIC" PLEA IN TEXAS POLIO EPIDEMIC

## 146 Cases Reported Last Week, Rising

HOUSTON, Tex., June 25 (UP)—Health authorities

pleaded with citizens to fight back panic today as the worst polio epidemic in Texas history swept the state.

The toll from poliomyelitis mounted steadily as blistering weather took its annual hold on Texas.

The state health department announced Tuesday that 146 cases of polio were reported last week. The week before 103 cases had been reported.

Both were grim new all-time records.

Last week's toll was larger than that of any seven-day period in 1950, the year a record polio epidemic struck down 2,778 Texans.

During no week of that epidemic year did the number of reported cases exceed 131.

Meanwhile, 17 new cases of poliomyelitis were reported Tuesday at Houston. It was the worst single-day for polio in the city's history.

## THREE DEATHS

One San Antonio hospital simultaneously reported three new polio deaths, all adults.

Dr. George W. Cox, state health director, said a total of 917 cases of poliomyelitis had been reported so far this year, compared with 824 for the same period of 1950.

Cox earlier had estimated that only one of every 100 actual cases of polio was reported. The other 99 persons, he said, suffered mild forms of the disease without paralysis.

The health director personally rushed to Houston late Tuesday to help in the battle against polio here. The National Foundation for Infantile Paralysis also sent special equipment to Houston along with an epidemic co-ordinator, Dr. Foard McGinnis.

Hospital beds, special equipment and polio nurses were desperately needed the most through-out the state.

Gov. Allan Shivers admitted that the present situation with respect to polio represented a crisis, but urged citizens not to become panicky and instead to follow instructions of health authorities.

NEW YORK, June 25 (AP)—Joey Maxim of Cleveland, world light-heavyweight champion, weighed 173 pounds today for his once-postponed 15-round title fight in Yankee Stadium tonight against middleweight champion Sugar Ray Robinson. Robinson weighed 157 1/2. Monday, prior to the postponement because of rain, they weighed 174 1/2 and 160.

There was every indication that the fight would be held tonight. The noon temperature was 90 and the weather bureau forecast a hot, sultry evening. No showers were forecast.

## Lieut. Bull Hero in Bitter Korea Battle

In heavy action with Canadian troops in Korea, Lieut. Albert Paul Bull of Victoria has been wounded for a third time.

In the same offensive night patrol of the P.P.C.L.I., under Lieut. Bull's command, six men were killed and 35, besides the leader, wounded.

It was the longest casualty list issued by the national defense department since Canadians went into the Korean battle zone.

The patrol, led by Lieut. Bull, was within 75 yards of its objective—a 300-foot hill 500 yards in front of the Patricia's outposts—when a cluster of heavy missiles dropped.

Lieut. Bull had just ordered supporting artillery fire from the 1st Regiment, Royal Canadian Horse Artillery, to be lifted so the final assault could go in.

Shrapnel fragments examined later indicated the bombs to be a 60-millimeter mortar, an elongated shell with high fragmentation effect.

There was no warning "whis-

le" before the explosions, which indicates the missiles were high-trajectory bombs fired at fairly close range. Ordinarily the "cough" of their departure from the mortars might have been heard but probably it was drowned in the noise of the R.C.H.A. fire.

At first the explosions were thought to have been caused by mines, perhaps electrically controlled from an observation post, but the type of wounds inflicted, plus the fragments, contradicted that theory.

Two men had been wounded by mortar fire on the way out, and the new casualties so reduced Lieut. Bull's fighting strength that he decided to collect

his wounded and organize a withdrawal. He had 16 able-bodied men left, including four stretcher-bearers.

He ignored his own injuries, gathered his men together, shepherded them out—not bothered by the enemy—and three hours and 14 minutes after it had set out the group returned.

## Three Times Enough Says Mother

Lieut. Bull's wife and mother, living at 2740 Fifth Street, were notified Sunday of his injuries while fighting with his unit of the P.P.C.L.I.

His worst wound is a compound fracture of the right foot, and he carries wounds, too, in right thigh and arm.

"The telegram didn't say," his mother told The Times today, "but I hope they'll send him home now. Three times is enough."

Lieutenant Bull is 26 and has been soldiering since he was 17. His younger brother, Frederick,

is also in Korea, serving with Canadian tanks.

"They met just the other day for the first time over there," their mother confided in a strained, weary voice.

"They are not the sort of boys to back away from trouble," she added. But of Albert, she said: "I think he's had enough."

Lieutenant Bull was last wounded in December, hit in both legs by a mortar bomb explosion.

Latterly, he has been serving with United States forces in Korea. "He had only just rejoined his own unit," his mother said.

## Freak Weather Brings Heavy Loss in Ontario

A flash hail-rain-and-wind storm broke through southern Ontario's heat wave Tuesday night, cut off power in Ottawa, did thousands of dollars damage in Hamilton and caused heavy damage to fruit trees.

In Ottawa, more than an inch of rain fell in less than two hours. Lightning struck the Ottawa Transportation Commission power house and halted streetcars and trolley buses for one and a half hours.

Toronto, swelter in a humid 88 degrees, got a thunderstorm in late afternoon but reported no damage. Today the thermometer nudged the 90-mark, almost general in southern Ontario.

Hail, rain and wind at Hamilton knocked down trees and branches, cut off power and damaged several automobiles Tuesday night.

Fruit crops in the path of the

hail storm suffered damage in the Niagara district.

## MERCURY NEAR 100

Windsor reported a temperature of 95 degrees and Centralia, north of London, 98.

In northern Ontario temperatures generally remained below 60 degrees and no heavy storms were reported. Today, however, the weatherman predicted showers and thunder-showers in the northern regions.

Other parts of Ontario have suffered heavily during the last two days and the fierce storms in some districts and drought in others have seen farmers counting their losses in millions of dollars.

Agriculture Minister T. L. Kennedy estimated the hay crop loss alone at \$30,000,000.

Wheat production would be down an estimated 15,000,000 bushels, he said, and the damage to the rich tobacco crop was yet to be calculated.

## MAXIM TO HAVE 15 1/2 LBS. OVER ROBINSON TONIGHT

A broadcast will be carried by radio station CJVI at 7 p.m.
